

**SomeShine proudly collaborates with Noodoll UK
to create the unique silicon RiceMonster Night Lights.**

Paris, September 2020 – SomeShine, the Taiwanese Night Light Brand, returns to Maison & Objet for the 3rd time and brings 2 proud collaboration with Noodoll UK and LUCKYBOYSUNDAY Denmark. SomeShine takes advantage of the special expertise to make all kinds of kids light / lamps and transform these little cute RiceMonsters into these adorable Silicon Rechargeable Night Lights.

Amidst the difficulties with COVID-19, SomeShine is determined to participate with the digital platform that Maison & Objet is dedicating this September. SomeShine continues with the ambition to bring more “shine” to your daily life. Noodoll UK’s RiceMonsters have always been very well received by all ages and continue to bring a little “smile” to every person in touch with the Brand. We are grateful to collaborate with a company values the same little “Shine” in life.

SomeShine leverages this experience to keep designing products that create "SOMESHINE in your daily life". We start by doing what we do best, with innovative designs and fun shapes to create a unique brand of night lights. Something that blends in nicely with nursery decorations and sparks a little fun at the same time.
