Enter Petrusse's dream...

DREAM, ASPIRE

Excellence in action

Through the work of the fabric, an ancestral and demanding creation, 'Maison Petrusse' cultivates a precious know-how. From the nobility of the materials, daring creativity to the beauty of ancestral gestures, it is between patience and meticulousness that it reinvents the greatest weaving traditions.

DREAM, EXPRESS

The artist's soul

'Maison Petrusse' has always celebrated the alliance culture and crafts. Inspired by the artists, she has forged herself a free spirit and a vibrant signature. A joyful universe, made of winks and impertinence, where color, tirelessly, serves expression and emotion.

DREAM, IMAGINE

Beautiful horizons

It's in full awareness of the era and its stakes that 'Maison Petrusse' is looking to the future. Between social and environmental responsibilities, It is a question of creating meaning and links at each stage and for each player in its activity. More than ever, solidarity to think about the future.
