### TWIST

#### Suspension

Twist suspension materializes the concept of twist in its design. The combination between the glass and the gold-plated brass structure gives this one of a kind handmade lighting piece a sense of refinement that is unusually seen. This elegant design reminds the famous Victoria waterfalls in Zimbabwe as it gives the illusion of falling water.

A sense of infinity is passed through the complex composition, conferring to this handmade suspension a capacity to surprise and continually reveal new sides.

Twist was conceived to fulfil wide spaces like luxurious hotel lobbies and large exquisite staircases. This striking piece has in its lines a balance between past and present and it's essential to unique interiors that seek to enhance luxury accents.
