SAVOIE SEINE DE PROXIMITE

DRÔME X AVEYRON

When an indoor/outdoor furniture manufacturer teams up with a leather craftsman....

LISON is the outcome of an authentic collaboration between two authentic French companies.

The project was initiated around a common love for sustainable and useful design, deeply driven by a humanitarian and ecological consciousness. The connection to build a story between LAFUMA MOBILIER and BLEU DE CHAUFFE seemed obvious : LISON is the result of this encounter.

Naturally vegetable tanned leather meets matte finish high resistance steel for this 100 % made in France capsule collection, available in limited edition in design stores and online from October 14th 2020.

LAFUMA MOBILIER Bauhaus influence combined with the workwear DNA of BLEU DE CHAUFFE gives LISON a timeless style. 100% French, functional and sustainable.
