## STREAMLINE COLLECTION

Inspired by the Streamline Moderne that emerged in the 30s and became an influence on design and architecture, the Streamline Suspension emphasizes forms and long lines combined to create a stylish ambiance.

This piece was conceived to be distinctive and stand out for its design, becoming the perfect fit for curated interiors that combine a diversity of styles. This elegant suspension features long gold-plated brass tubes that give the design a whole exclusive and deluxe look, setting another level by its distinctive appearance. This recipe of rich materials and sleek lines inspired by art-deco architecture make the Streamline suspension desirable.
