## METIS SUSPENSION HAMMERED

Metis Suspension is simple yet graceful. A sleek shape along with Swarovski crystals reveals a pure balance of delicacy and refinement. It is designed to bring a special allure and sensuality to your interior design.

The handmade brass fixture is a modern lighting statement of self-expression, shining through with luxurious accents. With an avant-garde spirit, it combines both:

functional sophistication and elegant simplicity.

This is where minimalism gets a luxurious twist, granting any interior project modern stability.

The hammered version of Metis is a signature adaptation of the original design, with handmade hammering by Castro Lighting's experienced and passionate craftsman.

## MONDRIAN SUSPENSION

Piet Mondrian is recognized for the purity of his abstractions as he radically simplified the elements of his paintings to reflect what he saw as the spiritual order, creating an aesthetic language. Inspired by this painter's unique artwork, Mondrian suspension is composed by several pieces with geometrical squared shapes, just as the artist used to do in his work.

This unique bespoke lighting piece combines two different finishes – brushed and hammered – applied by hand in the gold-plated brass ornamented with the unique Swarovski Crystals. The light strives to convey balance through squared shapes that lead to the gentle light diffusion, granting to the surrounding space the all-time perfect inviting ambiance.

## HALMA PENDANT

Halma Collection was designed to celebrate the fusion of noble materials as well as simple and delicate geometry. Made with a structure of brass involved by clear crystal glass, this design unpredictably fuses the two materials in an effortless and original manner, granting it a cohesive and deluxe look. An extremely versatile fixture with an exclusive beauty and elegance.
