## INTRODUCING TAN AND CLAY – TWO NEW FALL-WINTER '20 COLORS FOR YOUR HOME

For Fall-Winter 2020 we would like to invite the warm and energetic presence of Tan and Clay colors into your home.

With the world still hanging in uncertainty and the cold season fast approaching, now more than ever, we recognize the need for more coziness, warmth and positive energy.

## DESSERT INSPIRED FALL COLORS TO MAKE YOUR HOUSE FEEL WARM AND SUNNY

Nature remains our main source of inspiration - the warm and earthy tones of our fall winter home linen collection are a nod to some of the most iconic desert landscapes found across the world.

Our two new hues are perfect for adding a touch of personality, color and positive energy into any living space and are bound to make your house feel like home during the colder months of the year.

To make the most out of these colors we suggest pairing them with some of the other neutral tones found in our MagicLinen palette or opting to add our small signature details such as pom-poms, ruffles or pleats. These small yet stylish design details will help to elevate everyday items such as bedding, pillowcases and table cloths.

We invite you to celebrate nature and its unique beauty by adding a touch of warmth to your bedroom, living room, or dining area.
