HAND STITCHED IN SPAIN

ATELIER COSTÀ Espadrilles are stitched one by one in a small village in the south of Spain. The manufacture of espadrilles is generally more complex than that of sandals. Our jute soles are still manually formed into the shape. Conform to tradition it takes other 20 steps to make the espadrilles shoes we present each season .

NATURAL FOOTWEAR

The espadrille has been around for thousands of years and have transformed from utilitarian shoes into signifiers of luxury. 100% made in Spain, sewn by hand and manufactured with love. This is a Natural footwear that allows feet to breathe whilst experiencing a sensation of natural comfort

ECOFRIENDLY SHOES
