On 25.09.2020, we were on a visit with a fox in Lugansk regional administration at a meeting with the Governor.

We participated in the competition Souvenirs of Lugansk region.

Following the results of 2 my works won in 2 nominations:

1. Souvenir of the region - the Lisichansk Fox.
2. The idea of a souvenir - the Muscarick deer.

Thanks for the invitation, Liliya Golovko, and Oleg Nevenitsa.

P. S. It is a special pleasure to walk around the town with the fox (I went through a local market). People were pleasantly surprised. People got in a good mood and I felt it. That's really nice for me. 😊

A bus driver kindly suggested wearing a muzzle to the beast. 😊
