Jo & Marg

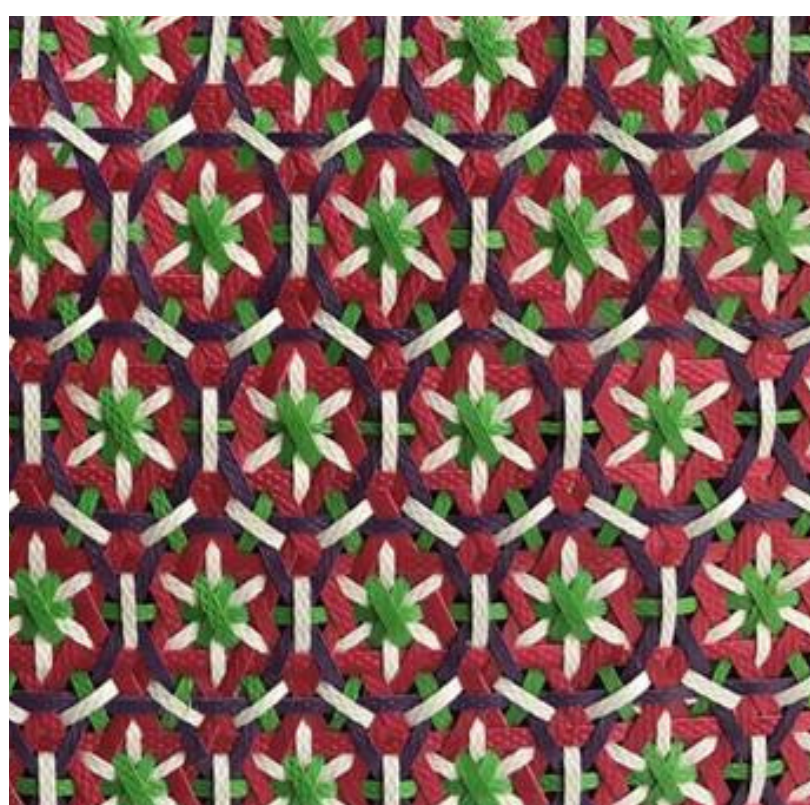

UN VOYAGE , UNE INSPIRATION, UN STYLE

“ Jo & Marg is a brand of fashion accessories, incorporating traditional and handcrafted skills from around the world. Our collection is inspired by elaborate braiding techniques and embroidery from mountain villages in northern India. It is true that I have always been passionate about traveling and I have been able, during my experiences, to discover new countries and cultures. Each place has its own inspiration. A destination, colors, fabrics, a know-how. Each of my travels inspires me and gives me the desire to create.”
