TRIUMPH WALL LAMP

Triumph wall light was designed with great pride to fit in modern luxury interiors. The use of special materials such as brass makes it exclusive and allows the creation of a beautiful lighting effect both indoors and outdoors. This handmade piece is a great example of how less is more as it is only composed of two half brass tubes, one being hammered and the other one polished. This contemporary look is an authentic work of art as the tubes are welded together by the hand of handcrafting experts. The warm light that is spread makes this piece ideal for a bedroom, framing the bed for example, or even in a restaurant or bar to allow a more romantic vibe. Stylish like no other, Triumph wall lamp sets trends and embellishes any interior.

STREAMLINE WALL LAMP

Streamline is versatile due to its details that will enrich the décor of a wide range of interior design styles. The shining gold-plated finish confers an extraordinary beauty to the brass, enhancing its value as a noble material. The fluid shades from the piece contrast with the geometric forms, playing nicely with abstract art.

This piece was conceived to be distinctive and stand out for its design, becoming the perfect fit for curated interiors that combine a diversity of styles.

This elegant wall light features long gold-plated brass tubes that give the design a whole exclusive and deluxe look, setting another level by its distinctive appearance. This recipe of rich materials and sleek lines inspired by art-deco architecture make the Streamline wall sconce desirable.
