A project featuring Blaze Suspension, Kingdom Suspension, Skylar Wall lamp, Manhattan Table lamp, and Avolto Pendant.

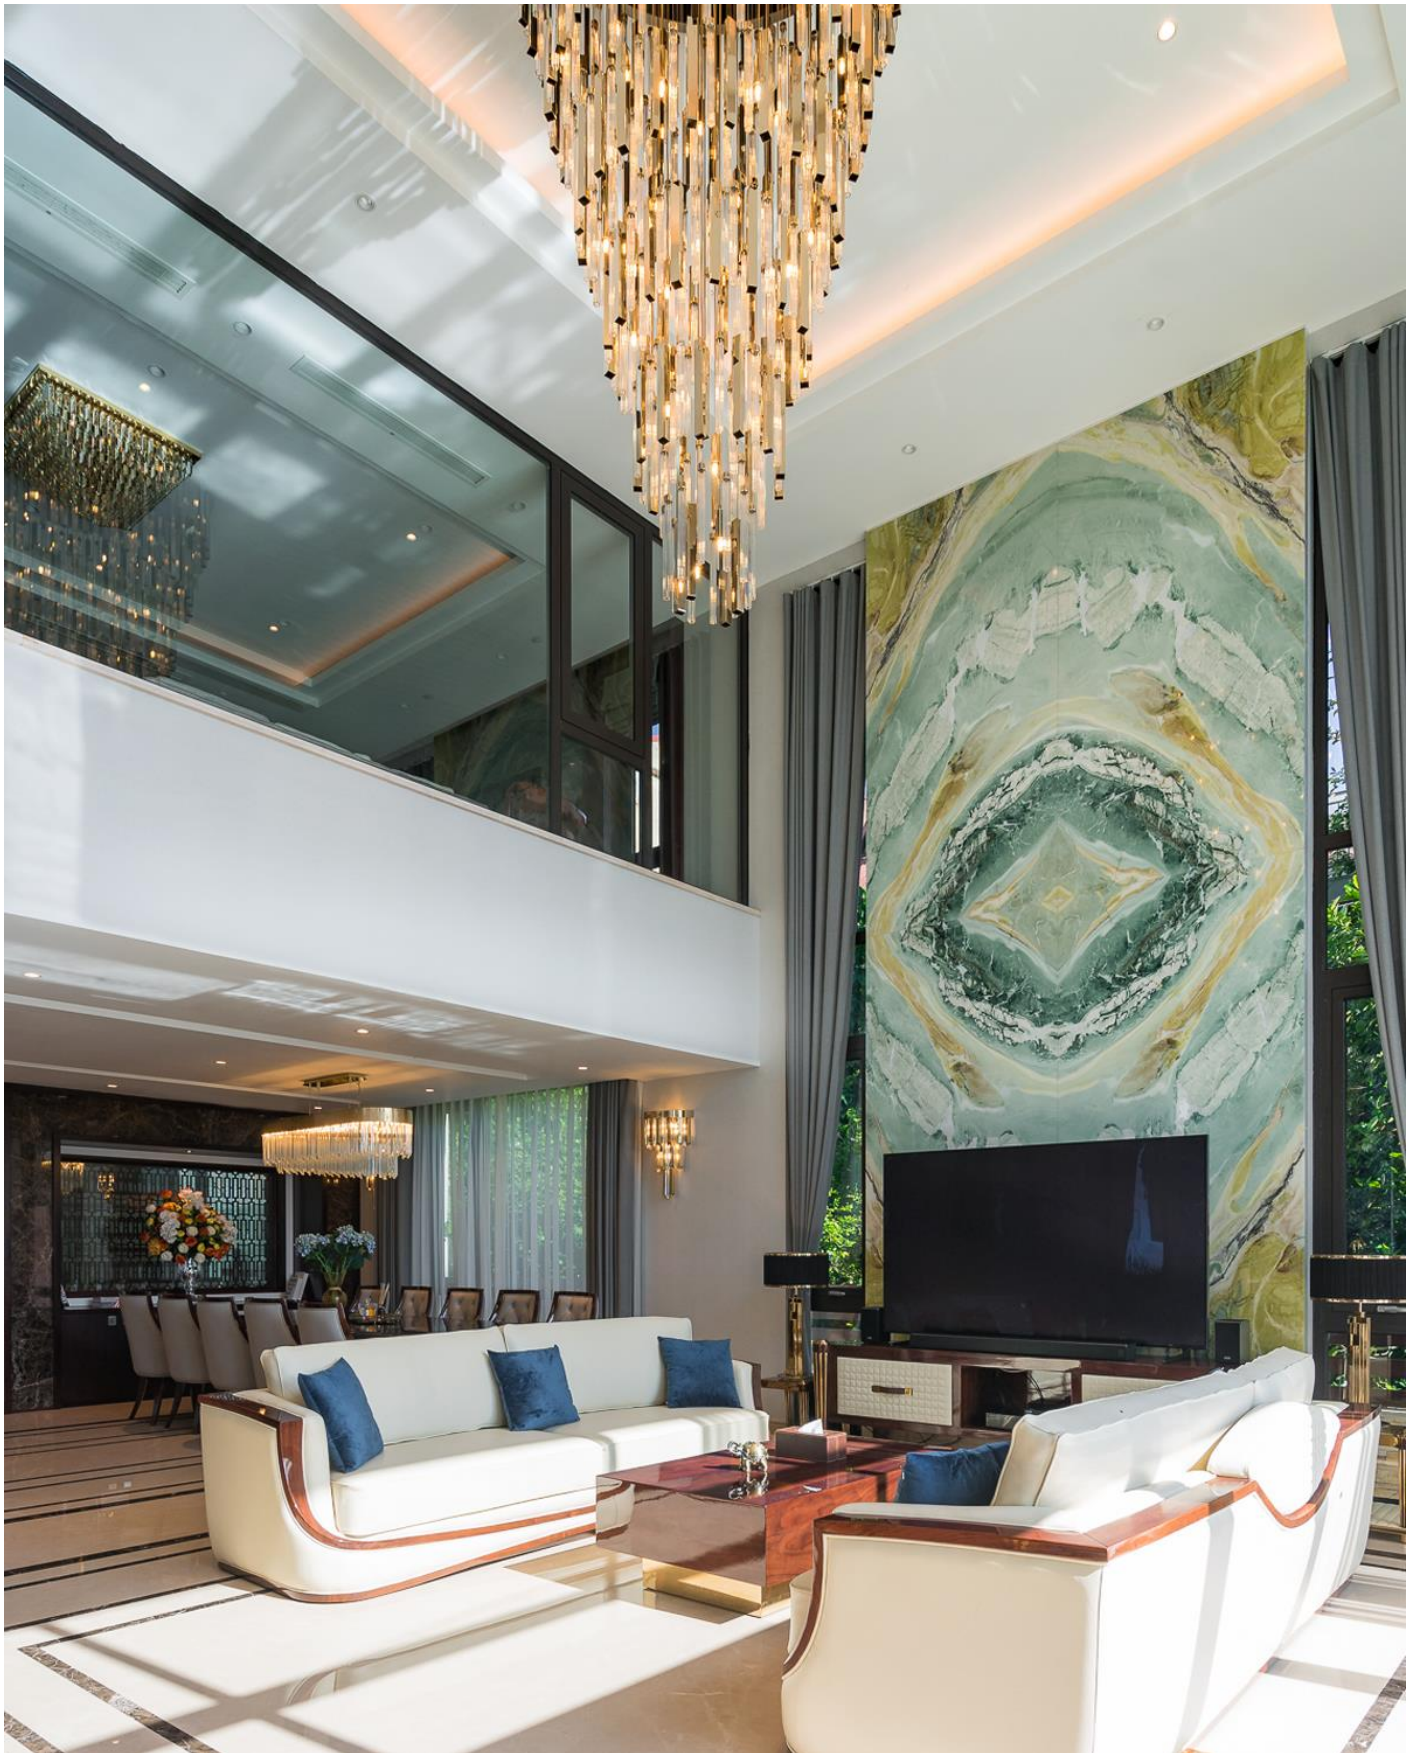

## BLAZE SUSPENSION

The Blaze handmade suspension lamp is a display of Castro Lighting's modern handcraft skills, with a height of 2,7m, it is composed of 7 layers of more than 500 single hanging pendants.

The alternating pendants of gold-plated brass, prime glass, and light bulbs create a blazing effect as the light bursts through the small breaches of space in between them. A vigorous and extravagant suspension that will leave you gasping and wondering.

It is recommended for high ceilings and grand spaces, such as hotel lobbies or double floor staircases, being best paired with modern or art deco interior design styles.

## KINGDOM SUSPENSION

Inspired by one of the longest recorded reigns of any monarch of a sovereign country in European history, Louis XIV, at a time where France was the leading European power, Kingdom suspension transmits this idea of control and magnificence.

The Kingdom suspension claims all the traditional kingdom's grandiosity centered in an exclusive leading figure, where ostentation and opulence were and evidence of extended territory and influence.

This lighting design aims to be the highlight of all home interiors as a striking piece, capable of creating a unique and exclusive atmosphere where light figures spread through the various glass elements.

## SKYLAR WALL LAMP

Skylar Wall Lamp is a stunning glass and brass chandelier that is a "one in a million". Designed to impress, it brings a special allure and refined lighting detail to the most exquisite interiors. The artistically fulfilled lighting fixture is made of brass with a gold-plated finish, visually intercalated with mesmerizing glass.

Its dazzling details give the impression of a cosmic spaceship and give the unforgettable signature to the design. This handmade suspension lamp is perfect to create an effortless luxury for contemporary living. Clean lines with softer edges create a streamlined silhouette and vigorous form, which reveal a natural balance between a traditional and futuristic vision in lighting design.

This unique design allows you to live your dream in a moment of deepest passion and inspiration.

## MANHATTAN TABLE LAMP

New York vibes, Manhattan's magical charm, and free spirit that never goes out of style lead to the name of this handmade table lamp.

The combination of several brass tubes in its structure along with a metal plated base represents a sleek and high-end look. This lighting fixture adds a classy touch to any kind of ambience, and easily compliments any modern styled home.

The geometric patterns are extremely modern, bringing a sense of refinement and style to the pieces, while selected materials grant a sophisticated and romantic look to this design.

A recipe of rich finishes and lavishing design makes it a desirable collection, perfect to fit the most exquisite yet graceful decors.

## AVOLTO PENDANT

Inspired by contemporary style, Avolto Pendant was designed to be an impressive and natural spotlight in the most demanding interior design projects. Fundamentally, simplicity, subtle sophistication, texture, and clean lines help to define contemporary décor style, being this piece perfect to fit this type of interiors.

The 24k gold plated brass tubes are hammered by the hands of experienced craftsmen and decorated with Swarovski Crystals carefully assembled one by one by lighting manufacturers. This fact allied to the possibility of customizing the light in numerous configurations confers an exclusive personality to each project.
