## NEW DESIGNS

Castro Lighting doesn't age, the brand becomes classier over time and continues to strive for perfection. More than 40 years of accomplishments that manifest a refined sense of luxury and elegance every day. Driven by a pioneer spirit since 1978, Castro Lighting works with one purpose: to create a legacy in luxury lighting design. New Designs bring audacity, privilege, and strong statements. Selected materials, luxurious finishes along crystals create a pure blend of refinement, delicacy, and sophistication. Unveil the magic of creativity behind the aesthetic in developing new trailblazing lighting and lifestyle designs that fuse the luxury of minimalism with the warmth of the classic brass handcrafted traditions.

The New Designs reveal elated aesthetic, alluring intelligence, and bespoke individuality, creating an exclusive signature to any demanding interior. All this to cherish timeless brand values. Castro Lighting stands for traditions, boldly adding new daring design ideas. It naturally balances between the classic background and futuristic vision in lighting design.

The new lighting treasure concept celebrates a creative and stylish manner of avant-garde lighting spirit. A riddle wrapped in the exquisite lighting and furniture design: innovative technique, originality, and boldness. It combines elegant futuristic design elements that bring luxury and simplicity together.

Having as inspiration the constant change and movements of dancing, Flusso's design makes the gold brass elements involved in a unique flow.

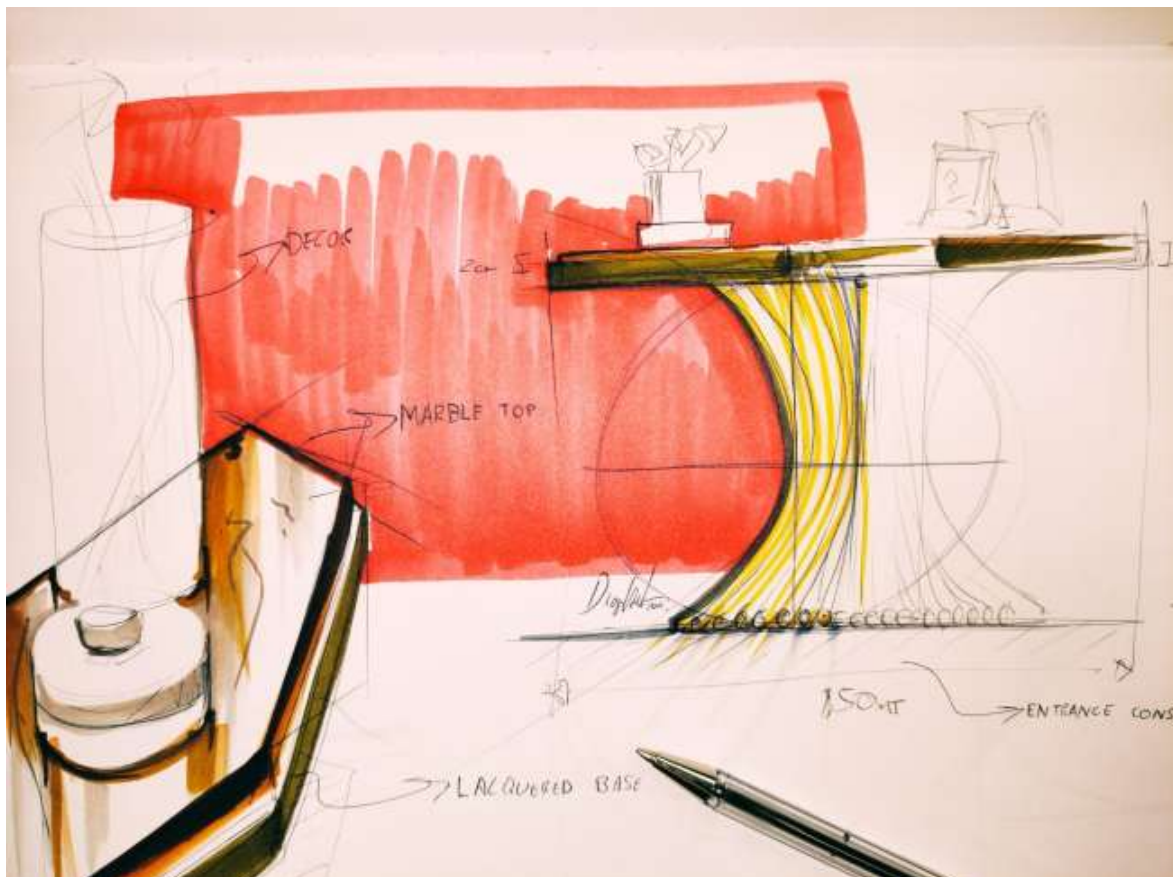

## FLUSSO CONSOLE

Having as inspiration the constant change and movements of dancing, Flusso's design makes the gold brass elements involved in a unique flow. Just like a dance, which inspires and empowers people to be artistic and expressive, the Flusso lifestyle furniture piece creates a perfect luxurious posture that spreads its vibes freely around the area, creating a sophisticated ambience.

With its unique design composed of bending brass tubes, the shape gives the idea of a continuous flow. The Flusso console adds a touch of allure to any home interior and a feeling of mystery to the most exquisite décors.

It is an authentically classy design that can incorporate aesthetic elegance to a modern living space and complement a classic living room, hallway, or dining room with its spectacular appearance. A faceted top made of Emperador marble brings a distinctive look to this credenza, making it a graceful design that reveals a timeless beauty. This bespoke furniture element features both traditional Portuguese craftsmanship techniques and the most luxurious twist of innovation. Its dramatic, geometric-like top is made from solid marble and available in a wide range of stunning options. This lavish design will fit easily to a variety of interiors, from the opulent Art Deco to contemporary chic.

## PATTERN MIRROR

The Pattern mirror was named for its repeated gold-plated brass shapes overlaying the circular base. The combination of noble materials allows this piece to carry an uncompromised luxurious style and strong presence.

The delicate Art Deco-inspired wall mirror is composed of a transparent surface combined with artistic golden patterns. A truly luxurious statement piece that blends shades of elegance across the surrounding area is perfect for entrances, hallways, living and dining rooms, as well as any other interior space your interior décor imagination allows.

The pattern detailing on the center of the mirror adds a lavish twist of extravagant charm and luxury that greatly complements a simple choice of interior design.

This stylish lifestyle decorative piece resembles the fish eye mirror that provides the “see-through” effect. This fabulous modern mirror allows you to combine it with details of the wall that can be left to be seen on purpose. All the "coins"- like shapes of the statement mirror are applied by hand as the final finish that brings a distinctive and unique identity to a luxurious home.

The Pattern Mirror design is available in 3 sizes: 80cm / 100cm, and 120cm.
