## STORE.SEMPRE.LIFE

This year we made a digital shift and invited private customers to join the Sempre tribe as well. A user-friendly webstore is the result of this all. 📱

A selection of our full catalogue is available online at retail price and shipped directly from our headquarters in Belgium.

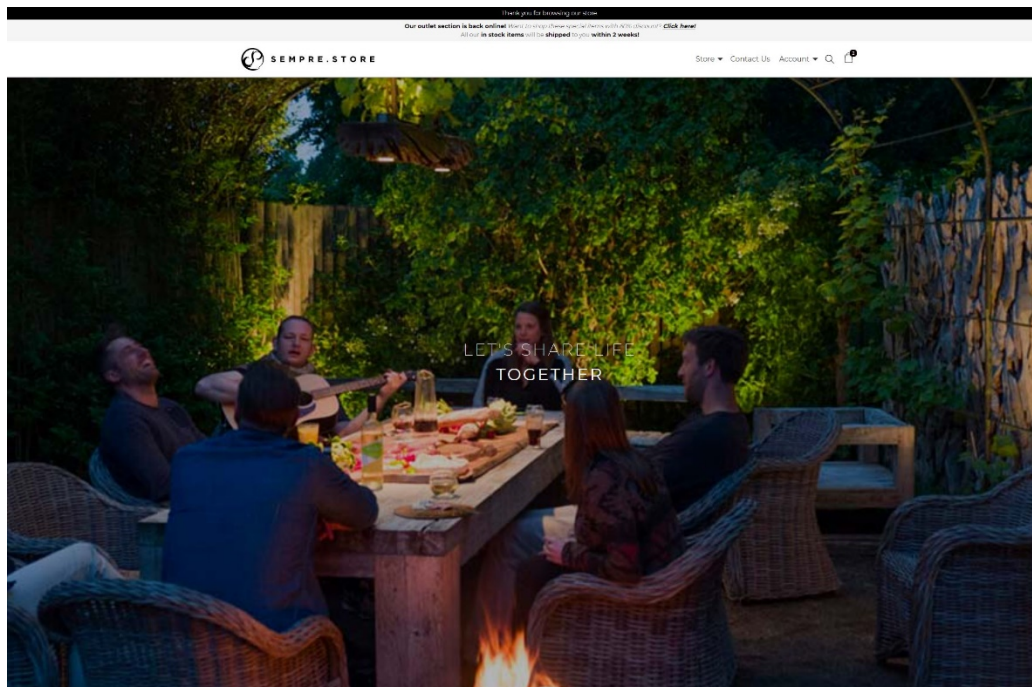

But don't be scared! We also treated our B2B clients to a digital platform to continue the improvement of our service. This means that you get your personal discount on all items, instant stock updates, outlet items & so much more!

Have you visited our webstore yet? Be sure to do so! We always have something new in store, be it the launch of new products, or special discounts to fit your needs.

On top of all, we added a special chat system so we can always help you with your questions.

Hope to see you online soon @ store.sempre.life!
