

LA TOUCHE ORIGINALE

Becoming our wallpaper collection exhibitors without investing and stocking is possible ! After countless meetings with home design shop managers, the same issues kept coming back. How much do I have to invest ? Which wallpaper format do I have to sell ? How much storage space do I need ? That is why we are now proposing a new collaboration 100% relevant to these issues.

THE SOLUTION ?

The shops received for free our sample book and roll-up(s) and lay them out in their sales area.

HOW DOES IT WORK ?

We attribute a promotional code to the shop where it is displayed to the manager's convenience. We pay the shop for each order on our website with the promotional code.
