

Embossed Collection by 24Bottles
from thermos to fashion water bottle in its most exclusive luxury look

The most special collection of [24Bottles](#) is available exclusively in the Farfetch and National Chamber of Italian Fashion circuit's boutiques.

Stainless steel thermos have finally become the new fashion accessory, and now the reusable bottle is a must-have for anyone who wants to keep up with the style and stand out from the various imitations and shoddy versions.

This is why at 24Bottles we created the exclusive Embossed Collection, opening the doors to the sustainable luxury world.

Italian design

Embossed Collection marks an important turning point for 24Bottles: this special collection has been designed exclusively for the Farfetch and National Chamber of Italian Fashion circuit's boutiques.

Refined details

The exclusive Embossed Collection has 24Bottles enriched with a new, unexpected dimension. An extraordinary technique that exalts the brand logo, at the same time elevating its expression of elegance towards a new microcosm made up of refined and luxurious details, for an increasingly exquisite style.

The Embossed Collection finish with the translucent surface highlights its original design, playing with bright metallic accents and four elegant colors: the black and blue of Embossed Reserve, the green of Embossed Armand, the gold of Embossed Perlage and the pink of Embossed Rosé.

Elegant and functional

Embossed Collection is available exclusively as Clima Bottle, the insulated bottle of 24Bottles made of 18/8 stainless steel, perfect for preserving the flavor and temperature of drinks, keeping them cold for up to 24 hours and hot for up to 12.

"Embossed Collection elevates the value of 24Bottles design and allows us to offer an even more exclusive experience to the fans of the brand", said the young founders Giovanni Randazzo and Matteo Melotti.

24Bottles® is the Italian design brand born in 2013 to reduce the impact of disposable plastic bottles on the planet and our lives.

Our company's idea comes from the search for the most convenient and functional solution to hydrate in a healthy, elegant and ecological way.

At 24Bottles®, we believe that good design can change things for the better and help people improve their health and quality of life and their look in an environmentally friendly way.

Our focus is to combine form and function to offer uniquely lightweight collections of bottles, coordinated accessories, and smart solutions to foster a more sustainable and comfortable lifestyle while keeping personal style in check.

Stainless steel thermos has finally become the new fashion accessory. The reusable bottle is now a must-have for anyone who wants to keep up with style and stand out from the various imitations and shoddy versions.

That's why we've entered the sustainable luxury world by collaborating with fashion brands and by creating an exclusive collection for the Farfetch and National Chamber of Italian Fashion circuit's boutiques

We are a certified B Corporation. We envision a global economy that uses business as a force for good. We strive every day to reduce our impact on the environment.

Our main goal is to create a better future for the next generations.

Every day, we're building it. Today, for tomorrow.
