

## Press Release

### Small intro about MyGlassStudio:

MyGlassStudio is the leader in glass manufacturing in all glass tableware, except drinkware. We design bespoke dinnerware, table accessories, serve ware and room amenity presentations. With a library of 1800 shapes, 170 Pantone specified colors and 200 patterns, we are able to create “Only and Exactly What the Customer Needs”. A tableware concept unique for your restaurant.

### The Bento Dinner Plate Collection

The **Bento Dinner Plate** Collection is based on **4 main ideas**: 1. Covered dinner plates, 2. Super-hygienic material, 3. Versatility in hotel outlets and 4. Needed now - Used forever.

MyGlassStudio **redesigned tableware**: we created the Bento Dinner Plate set as a collection of covered dinner plates including soup bowls, appetizer and main course plates. It is a **fusion** of the Asian bento box and the European fine dining dinner set.

The Bento Dinner Plates Collection came as a new solution for the hospitality industry. A collection to help hoteliers **delight** the first guests through a sense of safety and a new creative idea. It is not about the hospital look; it is about designing a new travel and entertainment experience with products inspired by this new reality. Products that are needed now, but they are going to be used forever.

Oven and dishwasher safe, leak-proof, chlorine bleach resistant, super durable and best of all... a **Joy to Use!**

Here are some more of their **features**:

- ✓ Covered. They come together with the lid.
- ✓ Made of glass; a sanitizable & nonporous material
- ✓ Able to be pre-heated without food up to 140oC / 280oF for more than 8 hours
- ✓ Stackable
- ✓ Food safe and non-toxic (no lead or cadmium) materials
- ✓ Resistant to acids contained in ingredients such as vinegar, tomato and lemon
- ✓ Freezer safe and can be frozen to -20oC / -4oC
- ✓ Resistant to cutlery with up to 52% carbon on the Rockwell Hardness scale
- ✓ Lightweight

With only 5 shapes, the **combinations are many**; a collection that can be used in every outlet of a hotel. The items can also be combined with accessories such as basket holders, napkin rings, cutlery rests, serving trays and bento servers.

The bento dinner plates come in 11 colors to match every interior, however as MyGlassStudio’s main purpose is to create “Only and Exactly What You Need”, we can create bespoke designs and **personalize** with logos.
