THE SAVOIR FAIRE ELEGANT LIGHTING BY CASTRO, SINCE 1978

WHEN THE ART OF BRASS CRAFTSMANSHIP BECOMES LIGHTING DESIGN

THE METIER COLLECTION. The savoir faire elegant lighting by CASTRO. When the art of brass craftsmanship becomes lighting design by Castro. Since 1978.

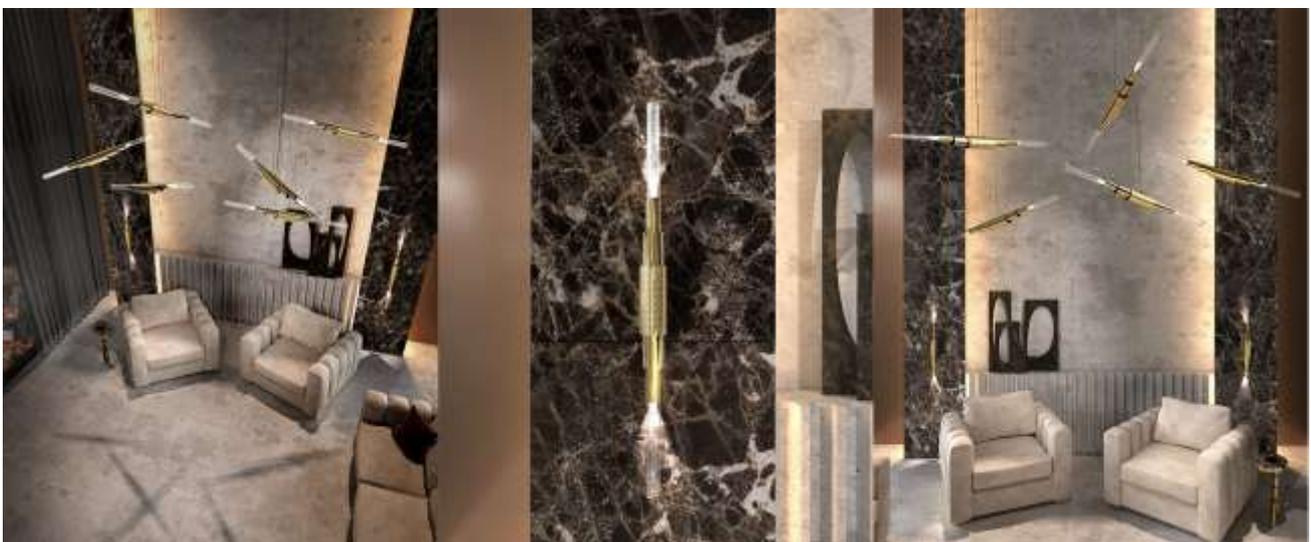

In the literal sense, this collection represents specific competencies of work that only a few have the natural ability to do, reaching perfection. Métier in French is related to an outstanding performance. The Metier Collection personifies the CASTRO savoir faire of elegant lighting collections along with timeless allure.

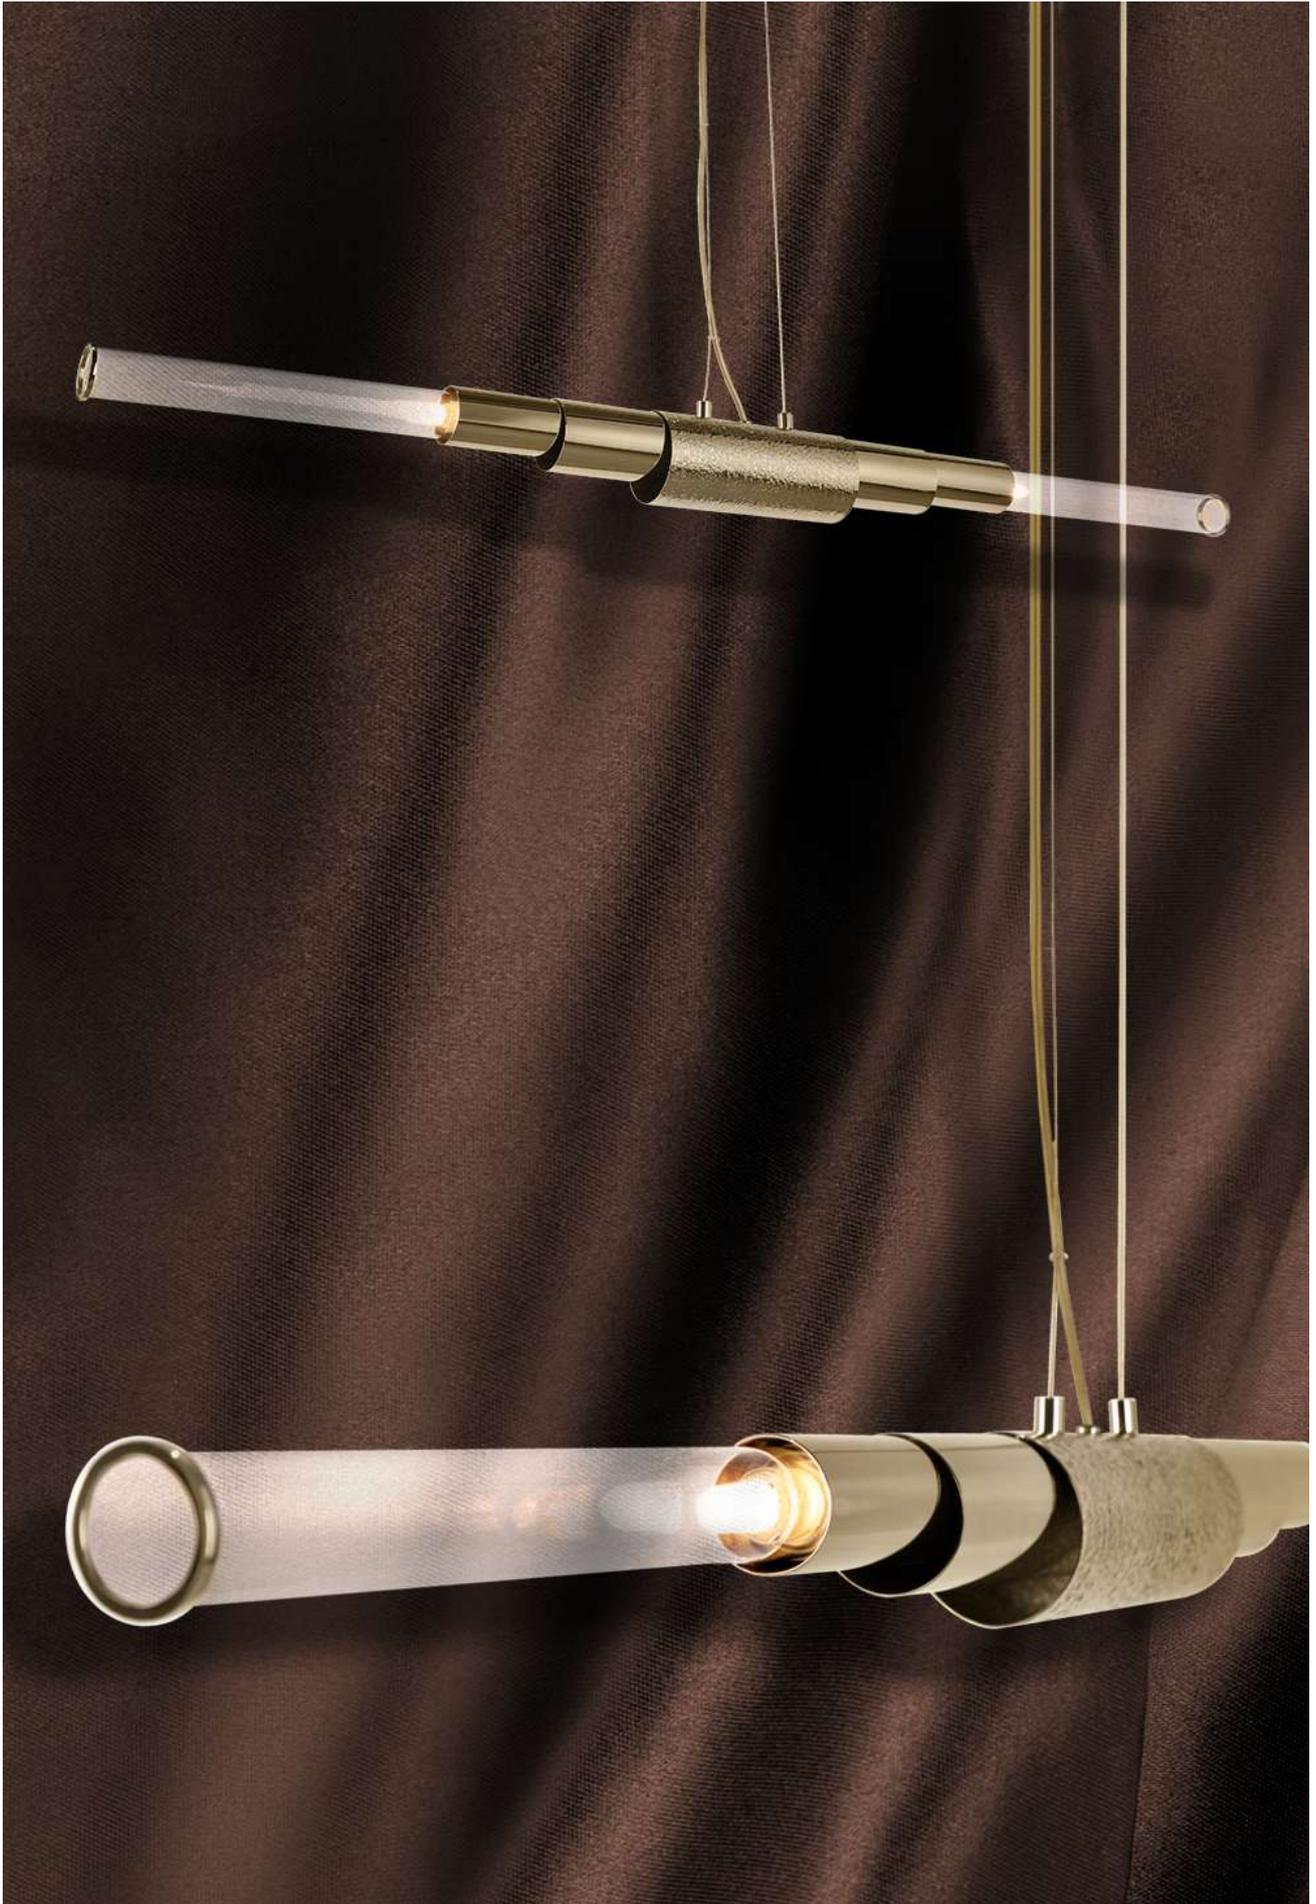

An imposing iconic design is its "métier". Being the beacon of pure light, this design is the embodiment of the ultimate luxury within its impressive commitment to sophisticated lighting design, integrity, and brass manufacture devotion.

Selected high-quality materials, top finishes, "strict design rules" define this design as a breakthrough, involving many carefully arranged elements. A juxtaposition of several subtle brass tubes creates a proud shape, completing the handmade lighting fixtures with premium glass. The overlapping of cylinders visually creates a very interesting and intriguing design silhouette. Assembled with several brass tubes, the structure has an audacious angularity that's tempered by distinguished gold plated and hammered finishes coupled with the machined glass decorated with detail at the tip.

Outstanding and advantageous features highlight a fusion of contemporary boldness and classy elegance, revealing a secret of lasting legacy in luxury lighting design. This masterpiece reflects a refined personality and can be the perfect fit for curated interiors that combine a diversity of styles. A cosmopolitan state of mind, it is recommended for grand interior spaces, such as hotel lobbies or spacious living rooms, complementing the refinement of the interior with the ground-breaking lighting design.

The Metier Collection is unparalleled in the elegance and refinement it displays. The layered brass tubes can be combined with different finishes to produce an exclusive vision and aesthetic. The infinite possibilities can help match the designs with interior projects and different colour palettes. These glorious combinations bring extra sophistication, and any project will feel more authentic and distinguished.

The Metier Collection is composed of a suspension lamp and a wall light.
