Recent discoveries in neuroscience and quantum physics scientifically explain that the entire universe and everything in it (including us) is made up of energy ... This means that everything is energetically connected ...

Therefore, if we change our energy, we transform what surrounds us and contribute to a better world. **Beyoubeunited[©]** aims to participate in the development of a better society where everyone can express their unique talents and collaborate with each other in order to create a better future for all.

Because together, everything is possible!

To promote this vision, the association has created an energetic symbol whose proportions are based on the golden ratio, source of all harmony in Nature. It increases the frequency of the wearer. It has been designed with the intention of launching a movement :

Dare to be yourself (Be You) and cooperate (Be United) !

The **BeYou[©]** symbol is distributed as Design and decoration objects and a collection of energetic jewellery.

Beyoubeunited[©] was created by two associates, both aware of the need for an urgent change of vision and energy.

Christine Neve is an economist, energetic coach, facilitator of personal development workshops and co-author of the book "Wake Up Now, the World is waiting for You!"

Virginie de Beukelaer is a graphic designer, yoga teacher and facilitator of personal development workshops.

From a common vision and their complementarity stems the dream of participating in the evolution of human consciousness for greater equity, harmony and cooperation.

Beyoubeunited[©] is dreaming of a fairer society in which individuals can cooperate by combining their talents, it is also actively involved in the field. The association participates in events, gives workshops and distributes **BeYou[©] Energetic Symbol**.

Beyoubeunited[©] wishes to promote the **BeYou[©]** Symbol all around the world. Its marketing makes it possible to generate funds which are used for the realization of concrete projects for a more equitable world.

The association wants to spread the **BeYou[©]** energetic symbol and support ethical projects around the world. It already supports the «Yayasan Dharma Jati» orphanage in Denpasar by providing with food, various supplies and leading workshops.

Beyoubeunited[©] is an independent Belgian association. It is managed by Christine Neve and Virginie de Beukelaer, bringing together management, communication and event facilitation skills.

The **Beyoubeunited[©]** team runs workshops that allow people to identify their talents and inspire them to develop their spirit of cooperation.
