

## AN EVEN LONGER AND WARMER SUMMER

Why not let summer and your friends arrive a bit earlier and stay a little longer? Start the outdoor season now and make the most of it well into the autumn. There is nothing like an open fire for creating a sense of togetherness and 'hygge', and with an Eva Solo FireBox garden wood burner, together you can enjoy the warmth, the sound of the crackling wood, and the special smell of burning firewood – and relish the fact that the summer evenings have become a bit longer.

### FireBox garden wood burner

With its simple, stylish design, the fireplace hardly takes up any space at all. Moreover, it incorporates a firewood holder, ensuring you always have fuel to hand. The integrated chimney directs irritating smoke out at the back of the wood burner. The FireBox wood burner is easy to maintain. It simply needs to be wiped with a damp cloth and mild detergent, and can be left outdoors all year. The wood burner is supplied assembled.
