

# RELEASE ON MOM

25 Feb - 12 Mar 2021

ARTOLETTA.EU  
Collection  
2021-2022

*"ARTOLETTA 2021-2022 Collection"="Regeneration and sustainability of ARTOLETTA  
"The first release in the world of toilet seasonal collection.*

*People were obliged to witness the limitation of existing super-efficient social system through the pandemic of COVID-19. We came to know it not enough just to chase sustainability but therevive or create environment by not being limited to bring "minus" to "zero".*

*t must be a pretty natural deed that a totally new concept shall be added to your creation byARTOLETTA. To keep the mind of yourself and your family happy and rich is a self-oriented sustainability and the change of our own consciousness shall be the key of the movement to start a necessary social circulation from now on.*

*ARTOLETTA, certified by Japan SDGs Association for ecology, social issue, education, economy etc. and affects broader goals, has a concept to connect people on the earth with rings of smiles*
