THE SAVOIR FAIRE ELEGANT LIGHTING BY CASTRO,  
SINCE 1978

LOTUS COLLECTION

The savoir faire elegant lighting by CASTRO. When the art of brass craftsmanship becomes lighting design by Castro. Since 1978.

Anyone who has ever observed a lotus flower emerging can't fail to see its beauty and delicacy, always looking clean and pure against the background it is born in. These characteristics assume different meanings between cultures though they always seem to share the same impression – magnificence.

Lotus Collection aims to represent this simplicity and splendour as its design and form are almost identical to the real flower's shape, incorporating its luxurious feeling. The use of noble materials and valuable traditional manufacturing techniques makes this collection unique, as the 24k gold complemented with delicate glass increase the visual complexity. The glasses remind us of the calm falling petals from the flower that reflect its simplicity as well as shades of elegance and beauty.

This collection aims to be the highlight of all interiors as it contains memorable statement pieces, capable of creating a unique and exclusive atmosphere where light figures spread through the various glass elements.

Designed with outstanding handcrafting skills and high-quality materials, this luxurious lighting collection was conceived with one purpose: to give any interior space the lavishness it requires.
