### miffy rug collection

Dutch design studio Maison Deux is teaming up with world's most famous bunny on a bespoke rug collection. The iconic illustrations by Dick Bruna are turned into an exclusive collection of 3D textured woolen rugs. A cuddly series of rugs, hand-tufted from 100% New Zealand wool certified with the GoodWeave label.

### 3D textured

The miffy rug collection is hand-tufted from high quality 100% New Zealand wool by artisans from India. Above all, the rugs feature different pile heights with carved accents that create a subtle 3D effect. A unique 3D texture that pops right off the floor.

This beautiful technique highlights the details of the design. It even adds a sensory and fun element to the rugs.

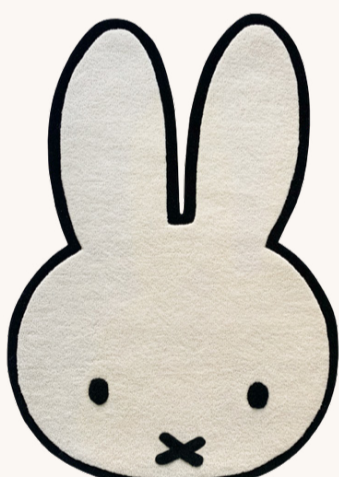

### fairtrade

The miffy rug collection is hand-tufted in India and certified with the GoodWeave label. The best assurance that no child labor is used and appropriate working conditions are complied. Besides, with every purchase you support programs that educate children.

#### About Dick Bruna

Dick Bruna, born in Utrecht in 1927, is one of the Dutch most celebrated artists. His worldwide recognition is largely due to his character miffy, a bunny-rabbit drawn in clear, simple lines. Miffy's everyday adventures have appealed to the imaginations of generations of toddlers and young children.
