It collects liquid spills and provides a non-slip work surface when mixing drinks. The mat measures 34 x 15 cm; it is designed by the Danish design team VE2 and perfectly fits the narrow tray from Zone Denmark's SINGLES collection.

The small round cocktail mat is 15 cm in diameter and catches drips from a cool bottle of champagne or white wine. Also use it as a mat when mixing a single drink. Both mats are made of silicone and are available in Black and Warm Grey.

Available from leading hardware stores, department stores and design and lifestyle stores. For more information about our products or your nearest stockist, call Zone Denmark on +45 8928 1300.
