THE COMPANY

Established in the city of Porto (Portugal) in 2003, Laskasas is a furniture design brand renowned for creating handmade furniture, upholstery and metalwork pieces, for residential and commercial projects.

Laskasas collections strive to honour and elevate Portuguese heritage of craftsmanship. Each piece is a new perspective of traditional design, defying laws of silhouettes, materials and textures combinations. With long-lasting expertise, Laskasas pieces are available worldwide.

The contemporary reinterpretation has influences of the Scandinavian functionality, the Italian luxury and the French glamour. Comfort is so important that it hasn't a nationality or particular roots. Laskasas has established its reputation as a leading furniture firm, creating spaces with a certain feeling that work has hubs of energy in any project. Everything is carefully handmade in our warehouse. We are a curated furniture brand that joins contemporary interior designers, architects, decorators, dealers and furniture showrooms in their ever-changing interior design journeys.

WHAT DO WE STAND FOR?

Laskasas escapes from furniture conventions to embrace a different kind of silhouettes and materials combinations. In our warehouse and headquarter, we seek to redefine what it means to be a Portuguese furniture brand. Far from being static, we believe in functionality, forms, comfort and balance. That is what we stand for.

"True furniture icons don't create themselves. Laskasas classics are born from our clients' distinctive choices" - Celso Lascasas, founder & CEO.

CUSTOMIZE YOUR LASKASAS PIECE

CRAFTING HIGH-END FURNITURE

Laskasas collections strive to honour and elevate the Portuguese heritage of craftsmanship.

'Made in Portugal' represents our stringent quality control process, covering all production stages, from the selection of materials through to the final packaging.

Craftsmanship is the heart of our design and development processes, while the careful selection of raw materials ensures long-lasting pieces.

The contemporary reinterpretation has influences of the Scandinavian functionality, the Italian luxury and the French glamour. Comfort is so important that it hasn't a nationality or particular roots.

Since the first day that Laskasas has established its reputation as a leading furniture firm for residential, hospitality, and commercial customers. Everything is carefully handmade in our warehouse, in Porto district.

Classic or modern. Mid-century or minimalist. Chic or cosmopolitan. You name it. We will have it for you.

Our artisans create different designs for different styles.
