

Picnic baskets: The big trend of the summer!

With the good weather on its way, the irresistible urge to enjoy the sun and the outdoors is becoming more and more pronounced. This year, picnics are the trend! In the gardens or by the sea, picnics are the perfect way to meet up and spend a delicious moment with friends and family. To accompany these moments of sharing, the Les Jardins de la Comtesse brand offers a wide range of chic and practical baskets, woven from wicker in an artisanal and ecological way !

What's new in 2021, for picnics with a blue theme like a summer sky!

Blue Gingham Marly picnic basket

With its emblematic gingham fabric, the Marly blue gingham basket recalls the vintage feel of picnics of yesteryear. It is perfect for picnics on the grass or in the countryside! Its handle and brown leatherette straps add a touch of elegance to this basket. Its large insulated pocket is very practical and allows you to store all sorts of snacks while keeping them cool. Inside this pocket there are straps to attach 4 goblets supplied with this basket, as well as an additional strap to attach a bottle.

Champs-Elysées picnic basket

Blue Champs-Elysées (2 persons) : £167.50

The Champs-Elysées has been specially designed for picnics with a royal touch! Always made of genuine leather, the Champs-Elysées basket is particularly luxurious. It is lined with a monogrammed fabric, combined with high quality grained and stitched leather. With its porcelain plates, stainless steel cutlery, glasses, salt and pepper shakers and corkscrew, it has everything you need for a successful picnic.

Available in blue and green for 2, 3 or 4 persons.

Bicycle Baskets, for rides under the sun!

Chantilly Bicycle Basket

The Blue Chantilly and Red Vichy Baskets are a must-have for long bike rides! Their large isothermal compartments allow you to store all kinds of snacks and drinks, keeping them fresh.

Chantilly Blue Bicycle Basket : £37.04

Chantilly Red Gingham : £37.04

Useful and practical, they can be easily attached to the handlebars of a bicycle. With their folding straps, they are easy to carry, and can also be used as baskets for trips to the market.

About the brand

The French brand Les Jardins de la Comtesse was launched in 2011. Wishing to highlight the art of outdoor living, it quickly positioned itself as the specialist and partner for outdoor lunches. The brand has become an expert in chic picnics thanks to its baskets with elegant and refined designs that come in several sizes. Each basket is complete for maximum comfort. The wicker is hand-woven in certified eco-responsible workplaces, which makes its baskets environmentally friendly products. To accompany the picnic, Les Jardins de la Comtesse offers other equally refined products such as cotton tablecloths with waterproof backing specially designed for outdoor use, which are just as suitable for a picnic as they are for a garden table; but the brand provides with scarves, stoles and plaids for cooler meals. For lunches on the terrace, a collection of pure melamine tableware in shimmering colours completes their offer for the garden and outdoors : MelARTmine Collection since 2018. The range is composed of all the service necessary to make a beautiful table (deep and flat plates, round and rectangular dishes, trays, salad bowls and their cutlery, placemats...).

Combining esthetics and practicality, this is the niche chosen by Les Jardins de la Comtesse to make lunches with friends or family pure moments of sharing and conviviality !
