ABOUT US:

Essential Home sees this style as a stylish sanctuary from the stresses of life.

In interior design, it's all about respect for history, you should bring together the iconic character and elegance of the space with practical luxury. But Paris, as its fun and magic side and Parisienne style, is that whole idea of anti-decor, always have to look like you've done it yourself like a true French.

What better way to represent them to mix our soft and clean Marco Dining chair with the robust and sturdy Bertolia marble table. The key is to keep it simple, mixing vintage with new, and allow our memories and treasures brought home from travels to shape space rather than sticking to any particular interior style.
