## OUR STORY

Some 30+ years ago a pioneer stepped on his bike with a few paintings. From one door to the other he sold his paintings. From the profit he bought new ones and sold them again. This he repeated over and over again. During the years the company got bigger and family was added to keep up with the growth.

And now, after all these years, with a new generation to continue the company, there is a 1500m<sup>2</sup> showroom with Canvas, Mirrors, AluArt, AcrylicArt, Liquid Gloss<sup>®</sup>Art, Walltextiles, Cushions, Art Carpets, Framings, Changeable Artframes and more.

We are proud on our logo subtitle “inspired by the world, made in the Netherlands”. We design, develop and produce many of our products ourselves in our own 1500m<sup>2</sup> workshop in Eindhoven. More and more of our products become circular. Take our Changeable Artframes. 100% recyclable, made for 66% from PET bottles. Printed with bio degradable ink so all in all no hazard for our grandchildren.

Well I can drag on and on about many things but we would like to show you around in our company. The showroom, the production area, the logistic department where we prepare the export orders for all over the planet.

Just one more thing that might be good to know. We do more than wholesale only. Hotel projects, White labels, Private labels, we can help and support you in many ways.

So feel free to contact us for the “Grand tour” .  
Oh, by the way, we will start with a coffee.

Hope to meet your soon

Team MONDiART

# MONDiART@HOME

Yes! We will go to your client's home,  
even if he lives on the 4th floor.

We offer 2 different services.

Deliver, unpack, check, mount and take the  
packaging back with us.

So full service from our side to help your client.

But if the client wants to mount the artwork  
himself, we offer to deliver, unpack and check.  
Even then we take all the waste material back  
with us.

The only thing we need to know is who may we  
serve and where does the client want his artwork  
to be mounted.

# MIRRORS

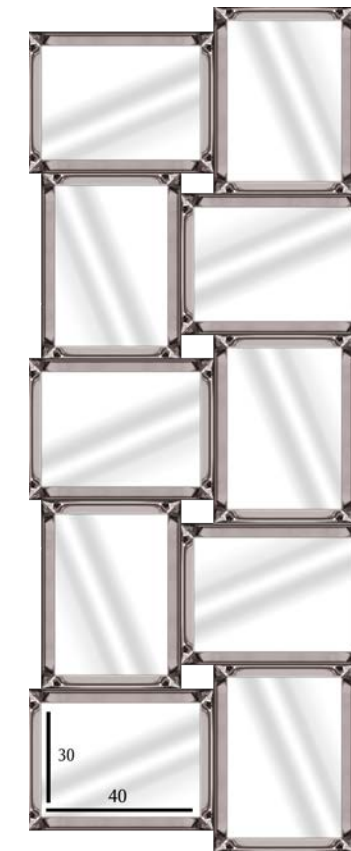

**M**irror, mirror on the wall who has the biggest collection of them all? That must be MONDiART.

From mirrors that are in stock to mirrors that are produced especially for our customers. Almost every size, frame and color combination is possible. If we don't have it in stock, we can produce it. Looking for a special mirror for your own collection? No problem. The only thing we cannot produce is the reflection in the mirror. Sorry, you will have to look into the mirror yourself.
