Made in the Netherlands

OUR STORY

Some 30+ years ago a pioneer stepped on his bike with a few paintings. From one door to the other he sold his paintings. From the profit he bought new ones and sold them again. This he repeated over and over again. During the years the company got bigger and family was added to keep up with the growth.

And now, after all these years, with a new generation to continue the company, there is a 1500m² showroom with Canvas, Mirrors, AluArt, AcrylicArt, Liquid Gloss[®]Art, Walltextiles, Cushions, Art Carpets, Framings, Changeable Artframes and more.

We are proud on our logo subtitle “inspired by the world, made in the Netherlands”. We design, develop and produce many of our products ourselves in our own 1500m² workshop in Eindhoven. More and more of our products become circular. Take our Changeable Artframes. 100% recyclable, made for 66% from PET bottles. Printed with bio degradable ink so all in all no hazard for our grandchildren.

Well I can drag on and on about many things but we would like to show you around in our company. The showroom, the production area, the logistic department where we prepare the export orders for all over the planet.

Just one more thing that might be good to know. We do more than wholesale only. Hotel projects, White labels, Private labels, we can help and support you in many ways.

So feel free to contact us for the “Grand tour” .
Oh, by the way, we will start with a coffee.

Hope to meet your soon

CANVAS

Every now and then we read in the news that a centuries old mural was found in a cave somewhere in the world. A lot has changed since the old days. From charcoal to oil paint and from cave walls to canvas. We proudly present you the MONDiART canvas collection. Canvas makes wall decoration more personal. All is done by hand so every single one is a bit different. Our collection is built up in 2 segments. 100% hand painted canvas and printed canvas with a human paint touch.

Let's keep this great profession going for the next few centuries!
