LUXURY RUGS SINCE 1946

PATIUM

OUTDOOR COLLECTION

LET'S GO OUTSIDE!

PATIUM

OUTDOOR COLLECTION

Ferreira de Sá takes to the outside the one element that most likely will accentuate an intimately cosy domestic atmosphere: **THE RUG**. This unique collection was inspired by forms of nature, using a combination of textures, colours and shapes. Extremely **suitable for terraces, balconies, swimming pools, wellness areas and sailing decks**. It is also appropriate for shops and offices. The strong characteristics of Patium combined with its custom-made dimensions make **the collection appropriate for residential and hospitality projects**.

Developed with high-performing materials, this in/outdoor collection is dedicated to those who love the elegant and timeless aesthetic of Ferreira de Sá. Available from 8mm to 16mm pile heights, made from high tenacity polyolefin, **this collection was produced on a serene colour palette which will bring comfort and sophistication to any space**.

NOTE TO EDITORS

Ferreira de Sá collections combines several years of experience with the talent of our artisans, blending an exquisite range of selected materials.

With 75 years of existence, Ferreira de Sá has become one of the largest and oldest luxury rug companies in Europe. The company offers two different production techniques: Robot/Hand Tufting and Flat weave. Both are operated by talented artisans who share a passion for handcrafted and bespoke rugs.

With constant innovation, Ferreira de Sá has always improved production methods, capacity, and excellence in service since the company was founded.

The company's portfolio includes residential, commercial and hospitality projects like luxury hotels, store chains, public buildings, museums, and others, all around the world.
