PRESS RELEASE

A CHRISTMAS TO REMEMBER

AMALGAMATION OF ELEGANCE AND WINTER TRENDS

Winter has come and with it, one of the most anticipated holidays. Christmas is the time to put it all on display, from the warm hues of gold, to the elegant accents of black and grey, and never losing the sight of textures with soft wools and leathers. It is the best time of the year to have the best

interior design to welcome the whole family and share the warmth of a good fireplace while we wait for the present to be opened.

LUX XU compiled some curated interior design inspirations for a luxurious and delighted Christmas eve.

White

COLOR & TEXTURE

SOFT TONES

The snow-white look is beautiful although it can be hard to master even with Christmas decorations, it needs to have a perfect balance with darker shades and warm colors. With an amazing golden finish, The Waterfall Suspension

gives a beautiful contrast to the lighter tones of this interior, making it the highlight. Add a lovely rug that not only keep your feet warm, but also brings in some texture to an overall outstanding design.

DARK WOOD AND LIGHT LEATHER DETAILS

Black is a wonderful color, a powerful neutral that is often used in small doses, however it can be used as the main color for a room if all other shades are based on it. It's also popular for leather furniture, as shown by the beautiful

Charla Dining Table, it looks sleek and timeless in a luxurious living room especially when teamed with amazing gold-plated brass accents from the Babel Snooker.

FUSION OF COLORS AND TEXTURES

This interior is elegant and sophisticated, yet it's not teeming with color. Both the floor lamp and the suspension offer a cohesive look making the lighting the focal point. With a mixture of dark wood tones paired with soft grey leather, the complete dining set transpires a warm feeling. The perfect place to have a wonderful dinner with the family while watching the snowfall.

CRYSTAL GLASS SURFACE

The entryway is the first room that your guest stumbles upon, and the first impression is everlasting. Without a doubt the Trump Chandelier is the centerpiece in this beautiful interior, stunningly embedded into the staircase.

The glass crystal reflecting the amazing checkered patterned floor that in turn contrast with the Christmas decorations in shades of green, all coming together in a fantastic design inspiration.
