**Product description:** cushion KUPSTAS (in Lithuanian it means MOUND) is born of natural forms. We chose to use wool fabric. Wool has hypoallergenic properties, maintains body temperature, stimulates our body skin when touched, promotes its regeneration and warmth. The colours of the cushion are chosen according to the colours of nature. Wool cushions can be used to decorate the sofas in the living room, children's rooms, bedrooms, in case of lack of space, pillows can be placed on the floor and sit on them.

Designed and manufactured in Lithuania. Handmade.
