

NOVELTIES 2021

INDOOR & OUTDOOR

LENTO

.....

As its name implies, the “Lento” collection (Italian for slow) is all about taking it slow. Enjoying time outside while doing things that are important to you is exactly what Belgian designer Bertrand Lejoly had in mind when designing the Lento collection. The eye-catching outdoor furniture pieces are characterized by a mix of natural teak wood, tactile acrylic rope and comfortable cushions united in low-slung designs.

While the overall feel is laid-back and relaxed, the prominently featured solid teak legs and high woven rope backs give the collection a rich and engaging personality. The brown rope and warm teak match perfectly with the Lento coffee and side tables. The tables feature a light-toned ceramic table top, inspired by Venetian terrazzo tiling, which creates a spacious feeling while adding structure as well. Sink into the comfortable chairs and disconnect in your own cocoon of cosiness.

Bertrand Lejoly’s Lento collection consists of a dining chair, dining table, lounge chair, lounge sofa 2S, lounge sofa 3S, coffee & side table and modular lounge set.

DAVID

.....

The David collection by Vincent Sheppard is a reinterpreted take on classic teak collections. The muted grey wash of the aged teak provides a light and contemporary feeling which is enhanced by the sleek and elegant legs.

David's woven back and rope details in a soft earthy tone match perfectly with the solid teak frame and add a sense of tactility. The refined silhouette is balanced out by inviting outdoor cushions for added comfort.

Made from quick dry foam, the cushions are designed to dry fast and are available in several high-quality fabrics.

The extensive David collection comprises a lounge chair, lounge sofa, side table, coffee table, dining chair and dining table.

KODO

.....

studio segers played with ceramic, aluminium and tactile acrylic rope for the creation of the Kodo collection. These materials are weather-resistant and add a contemporary feeling while the soft curves and rounded backs exude a warm and inviting ambience. The extensive collection is now joined by a rocking chair, daybed and sunlounger which share the same design idiom.

Lay down and relax with your loved ones in the generous **Kodo daybed**. With its tactile back, comfortable cushions and inviting silhouette, the daybed creates a relaxed ambience. Spend your outdoor moments in the sun surrounded by soft cushions and enjoy some time off.

With its striking design and tactile weave, the **Kodo sunlounger** is a comfortable eye-catcher. Be it near the pool or amidst your garden, the Kodo sunlounger can easily be moved to follow the sun effortlessly. The backrest can be adjusted into 6 positions and is fully reclinable.

Make yourself comfortable in the **Kodo rocking chair** and sink into the deep comfortable cushions. Its high back in acrylic rope and stunning teak base combine contemporary design with the comfort of moving soothingly back and forth.

FRIDA LOUNGE CHAIR

The Frida lounge chair brings together tactility with a sense of lightness and Scandinavian design aesthetics. The chair has a distinctive design which unites natural wood and tactile rope.

With its sturdy wooden legs and round-shaped frame, it supports a generous seat made of tightly-strung rope, beautiful from all sides and angles. By adding a cushion shaped to the curves of Frida, you can add even more depth and texture.

Thanks to Frida's sculptured silhouette and fine seating characteristics, the chair will be the natural focal point in your home, both standing individually or in a group.

Choose for the indoor version in oak wood to add an elegant welcome to your home or add a statement to your terrace with the Frida outdoor in natural teak.

VINCENT SHEPPARD

Vincent Sheppard has been designing and manufacturing indoor and outdoor furniture with exceptional seating comfort since 1992. The company is worldwide market leader in Lloyd Loom furniture, a technique where Kraft paper is twisted around a metal wire and woven into unique furniture pieces. Today, Vincent Sheppard furniture is exported to more than 40 countries. The headquarters of Vincent Sheppard are in Belgium, while their main production plant is located in Indonesia, a country known for its rich tradition in weaving.

By constantly challenging itself and its design aesthetics, the brand is able to present young, contemporary furniture collections that answer to all modern needs. They combine a clear focus on quality and comfort with craftsmanship and an age-old technique, and translate these ingredients into qualitative, durable and appealing designs. With a wide variety of indoor as well as outdoor pieces of high quality, the brand is a favourite of many interior aficionada's.
