

LA BELLE DANCE

MESSENGER CANDLES

A tribute to Baroque Dance by Un Soir à l'Opéra

A support to THE WHAT DANCE CAN DO PROJECT

IN TWO WORDS

LA BELLE DANCE by UN SOIR A L'OPERA is a collection of messenger candles available in 2 scents: Fig Leaf and Rose Petals, to be used together or separately!

La Belle Dance used to mean Baroque Dance. A universe of freedom and artistic creation at the origins of all dances, classical or contemporary.

We are proud to support the What Dance Can Do Project by donating one euro per candle sold (see presentation below)

OUR INSPIRATION

In homage to LA BELLE DANCE, also called Baroque Dance, our messenger candles are freely inspired by the titles of the choreographies of the Duke of Vendôme. Expressing values and feelings that cross the centuries, these dance steps become perfumed messages. An original way to rediscover this universe of artistic freedom where everyday gesture turns into a dance step, from Baroque to Street Dance.

THE COLLECTION

- 2 scents: Fig and Rose
- 5 inspiring messages
- 10 mix and match possibilities
- French artisanal manufacture
- To offer and collect according to your mood and your inspiration,
- an original gift in any season!

PRODUCT DETAILS

- Amber glass jar with lid
- 140 gr of 100% vegetable wax
- About 35 hours of burning
- Reseller price : 35 € tax incl.

COMMITING OURSELVES TO HELPING OTHERS

For the past year, we have been looking for a project that would give us the opportunity to bring more sense to our activity and to make a concrete commitment to a cause close to our hearts.

Very quickly we met the non-profit organization WHAT DANCE CAN DO and we immediately wanted to join their adventure in our own way, convinced by their approach to children. Their action was a real source of inspiration to create two new fragrances.

Today, we are proud to support WHAT DANCE CAN DO non-profit organization with the LA BELLE DANCE collection by donating one euro for each candle sold.

Our French perfumeur, Philippe Poissonnier, created two fragrances with strong symbolism :

THE FIG TREE symbolizes the willingness to survive, the generosity. It inspires us to share our creative energy and desires.

THE ROSE symbolism is about hope, persistence, patience, and love for all.

WHAT DANCE CAN DO

WHAT DANCE CAN DO is a non-profit organisation which has been registered in France and Switzerland since 2018. We have been active on three continents. Our team of passionate volunteers believe dance changes lives and that all children should have access to music and to dance. Therefore, our mission is to contribute to the well-being, empowerment and resilience of children and young adults by giving them access to dance programs and events.

Dancing makes children stronger. It gives a toolkit for life to kids made vulnerable by poverty, illness, or exile, developing skills and traits that will be key to their future development, academic and professional success like confidence, coordination, memorisation, and concentration.

Thanks to the internationally recognised professional dancers and choreographers we partner with as well as our local teams, we have organised workshops and events for over 300 children and young adults who otherwise have no easy access to dance classes or shows.

To support our actions, learn more about the association, the team, and the dancers that support us :
