Klin d'œil

An exclusive collection in limited edition!

We couldn't wait to present you the new limited edition in collaboration **Les Gambettes X Klin d'oeil**, a pop and colorful collection.

Behind Klin d'oeil there are two passionate sisters. For 6 years, Emilie and Virginie have been promoting their favorite designers in their Parisian store, through various events. The café Klin is located in the 11th district of Paris. You can find comforting drinks (hot and cold), a gourmet grocery store with a selection of favorites to discover flavors! Klin d'oeil is also a store which includes a gallery where young creators, art and French crafts are intermingled as well as DIY workshops which will make your heart beat. And recently...you can find our collection of Suzie chairs in limited edition Les Gambettes X Klin d'oeil. So let yourself be tempted!
