**MINIMALIST RESIDENCE BY
STUDIO MONTAÑANA**

MINIMALIST RESIDENCE IN VALENCIA BY STUDIO MONTAÑANA

Timeless **minimalistic** is how this unique residential design by the renowned **Studio Montañana** is described. Located in one of the most emblematic buildings in Valencia, the beautiful interior design by Studio Montañana has respected its noble character through finishes, materials, and colors that manage to create an elegant atmosphere regardless of fashions or trends.

This **luxury home** is a great example of the beautiful harmony that mid-century can have in a more contemporary project, and our **Galliano Wall lamp** fits perfectly in all of these house divisions.

The timelessness and cleanliness of spaces characterize the projects of the Valencia Studio Montañana, which were considered to be one of the best interior designers in the **AD100 2021 list**.

Their unique style is dotted with **minimalism with contemporary** touches, respect for the past, and looks to the 50s, 60s, and 70s.

A DESIGN THAT REFLECTS THE
CONTEMPORARY STYLE OF THE AD100
2021 STUDIO

The history of **Studio Montañana** begins in 1999 when Vicente Montañana decides to embark on his solo journey after a first commission at the end of his Interior Design studies at the School of Arts and Crafts.

Six years later, Francisca Casans joins, thus forming the professional tandem that is changing a large part of the interiors of the city of Valencia with its timeless and clean **trendsetting style**.

The story of this **great project** is built from the outside to the inside since it is located in a beautiful architectural landmark in Valencia built by the architect Luis Mares in 1966.

From a private hall all the way to the main living area, the interiors of this unique residential design shows off the beauty of simplicity through a formal, **elegant, timeless contemporary** style that is later enhanced with some fun mid-century details.

Like any of the other famous projects by **Studio Montañana**, this unique Valencian residence features neutral textures and black and white color palette in search of harmony and leisurely environments.

As you step inside the open concept living room design, it is quite clear to understand what **Studio Montañana** wanted to do with this design.

Simple furniture lines by **top luxury brands**, neutral colors, and minimalistic decor accessories are lighted up with a bespoke mid-century lighting fixture by **DelightFULL**.

For example, in one part of the living room, there is a makeshift office with a Compass Direction desk and a Fauteuil Direction chair by Vitra, a Utrecht armchair by Cassina, and (to wrap up the sophistication of this look), **DelightFULL's iconic Galliano scone**.

GALLIANO

WALL LAMP

Galliano is a special modern wall lamp with a **minimalist style** that allows you to fit it in every room of your home, regardless of the style of your interior design.

This wall lamp is one of **DelightFULL's bestsellers** and produces a unique lighting effect when you see light being cast through its pipes.

The iconic **Galliano wall lamp by DelightFULL** was the main lighting design chosen by the renowned Studio Montañana since it was used in multiple spaces of this trendy **minimalist residential design**.

A large landscaped terrace surrounds both the living room and the master bedroom, filling a large part of the house with light.

The green of the exterior together with the neutrality in the textures that cover the walls and the noble tones of the stone offer a relaxed atmosphere where time does not pass.

Overall, this unique residential design by **Studio Montañana** exudes peace through a timeless minimalist design vision.
