

New award at Polish Rema Days 2020 (Jan 30, 2020)

The Astrolabe: Gift of the Year 2020

News from Poland: The Hemisferium Astrolabe received the 3rd place on **Gifts of the Year** on Rema Days 2020.

The award was given on the **Top Exclusive Products Category** (<https://www.remadays.com/en/contest/gifts-of-the-year-en/#1467974308937-f6da3987-7f773b31-ed1c>).

The Astrolabe will be displayed on special stand for awarded products.

The Astrolabe L.H.V. (reference H32) was created in 2005. The instrument is a functional reproduction of the Planisferic or European Astrolabe. It has been a best seller since then, and has become a “Classic”.

The **International Trade Fair for Advertising and Printing Rema Days Warsaw** is one of the largest trade shows in advertising industry in the world. The show, since 2005, have been growing constantly in number of exhibitors and visitors: <https://www.remadays.com/en/homepage-en/>

During 3 days of the Rema Days Warsaw show, on 35 000 m² of exhibition space, the representatives of the Advertising Industry meet. The event achieved status of a key and largest, in terms of number of visitors, trade fair in Europe.

The exhibition will be held from 12th to 14th next February.
