

**Porgabé, the luxury brand for babies and children, is invited to the Maison & Objet Paris fair. Welcoming visitors to stand G58 in Hall 2 “Kids & Family”, the brand is taking its place for the first time at the show, which takes place from September 9 to 13, 2021.**

**porgabé is an abbreviation of the phrase ‘Premium ORGANic BÉbe’. We focus on *‘presenting high-quality natural products for our babies’*.**

**porgabé was inspired by the Vincent Van Gogh masterpiece ‘Almond Blossom’, which was presented by the artist to his younger brother, Theo, to bless the birth of his nephew. porgabé’s packaging incorporates the colour of the almond blossom painting and its flowers. Almond flowers represent hope, which aligns with porgabé’s values.**

**porgabé produces organic cotton clothes for babies younger than 12 months, furniture for children made with natural wood, and jewellery products for children, mothers, and fathers.**
