**LAUNCH OF THE AMÉLIE CHOQUET BRAND
FURNISHING FABRICS AND DECORATIVE OBJECTS**

Amélie Choquet, designer and publisher of furnishing fabrics, presents her first collection at Maison & Objet 2021.

The Amélie Choquet project stems from her passion for patterns, graphic design and illustration to bring a modern vision of interior decoration in a unique and artistic style.

Guided by the choice of materials, the colours, the finesse of the detail, the reading of the patterns, the collection is composed of furnishing fabrics and cushions, printed on velvet and cotton.

These fabrics, with their bewitching patterns, generous curves and multicolours, offer a great intensity of colour in the hypnotic expression of their palette. They mix materials and patterns in bold and unique colours.

Amélie Choquet's fabrics are timeless and will be embellished each year with 4 new patterns for the entire product range.

The fabrics are printed in France and Italy, and the manufacturing is 100% French.

All the designs in the collection are hand-drawn.
