

NEW CUSHIONS BY AMÉLIE CHOQUET, TIME TO DECORATE.

Amélie Choquet, designer and publisher of fabrics, presents her first cushion collection at Maison & Objet 2021.

Amélie Choquet's project stems from her passion for patterns, graphics and illustration in order to bring a modern vision of interior decoration in a unique and artistic style.

Guided by the choice of materials, colours, the fineness of the detail, the reading of the patterns, the collection is composed of cushions, with bewitching patterns and generous and multicoloured curves, printed on velvet and cotton.

The fabrics are printed in France and Italy, and the production is 100% French. All the patterns in the collection are hand-drawn.
