Home matters more than ever. No matter what 'home' means to you, it is surely something nostalgic. Home is not a place, it's a feeling. No matter who you are and where you are, instinct tells you to go home. The Houses series offer a free interpretation of buildings and rural homes. The textured wood and carving details reveal the best of our artisan's woodworking know-how to create intriguing objects of meaning.

CITIES

COLLECTOR'S ITEMS DESIGNED BY CARLO MASSOUD

Cities is a series of micro-architectures by designer Carlo Massoud. Inspired by his world travels, each piece is a reinterpretation of a global landmark - a structure that has significant historical, architectural, or cultural meaning. Representative of his oriental and occidental influences, Cities translates into urban poetry. A meaningful sculpture that can also serve as a small recipient. The artist's creativity is brought to life by master artisans in our woodworking & woodcarving atelier.

“Cities came to life following my travels to various cities around the world. Each city, through its history and evolution, has showcased the masterpieces of humans, integrating the daily lives of its dwellers.”

- designer, Carlo Massoud

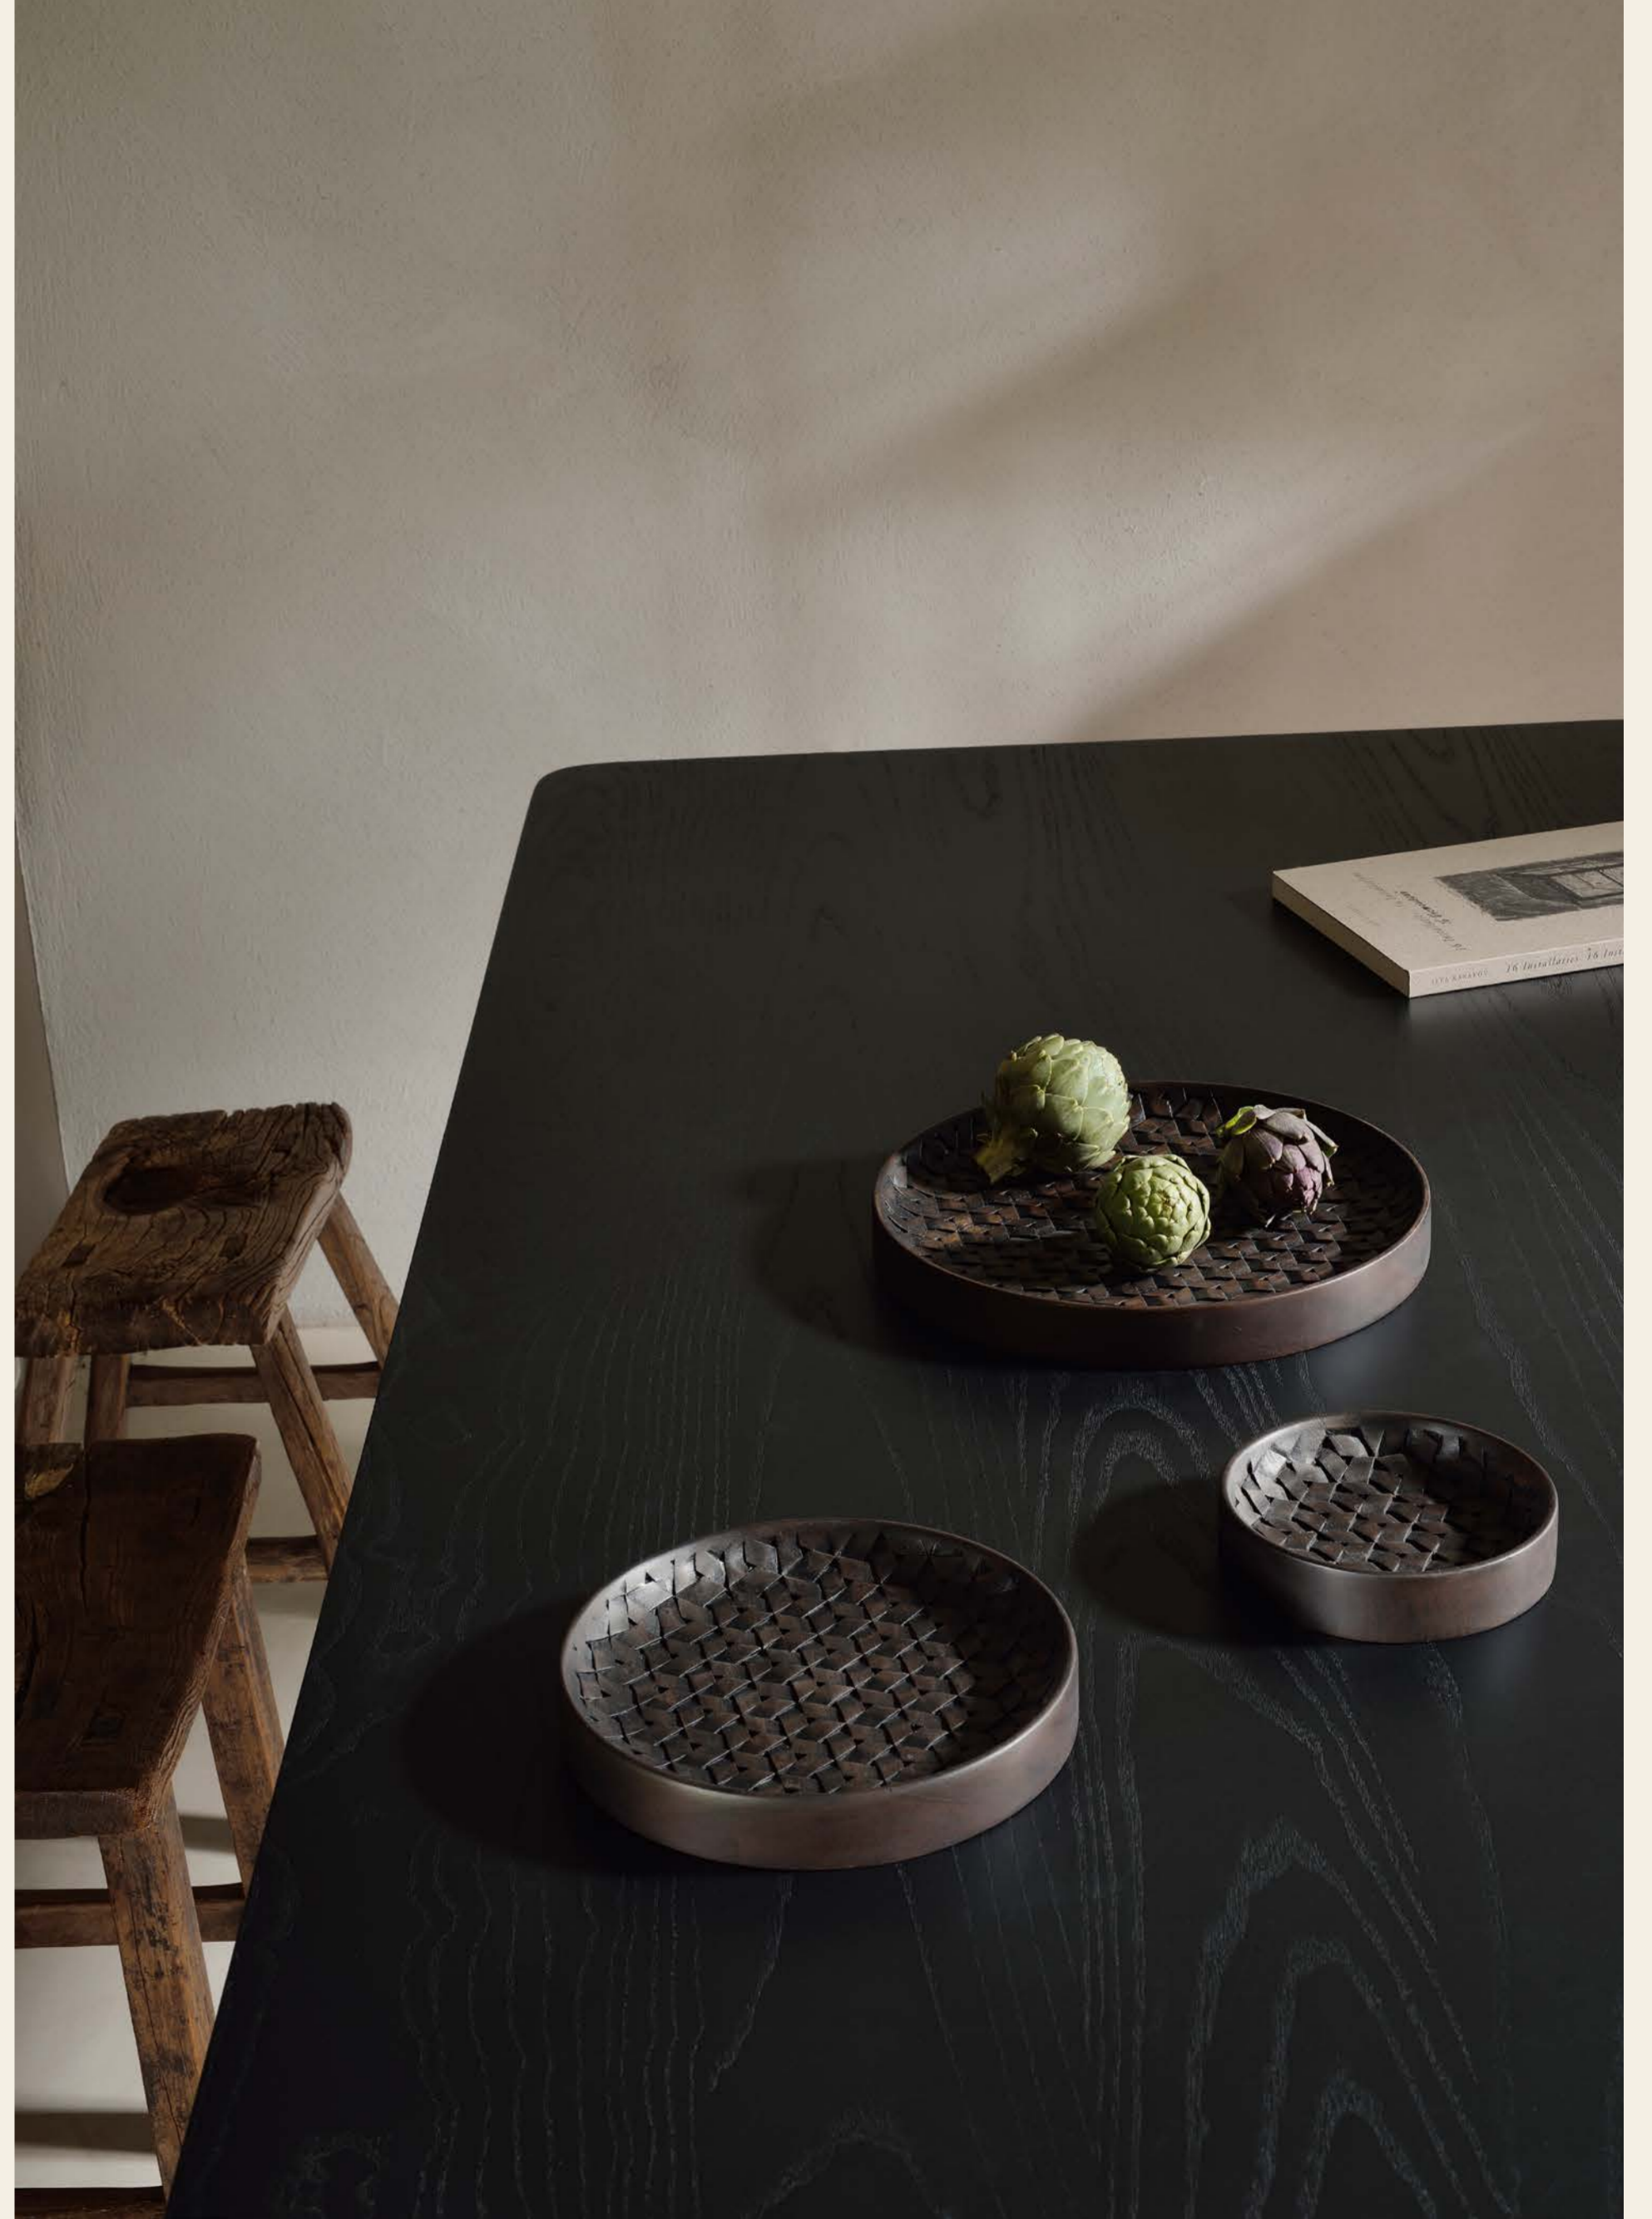

BOWLS & BOARDS

Both functional & decorative, these bowls and boards will delicately accessorise your dining and kitchen space. Each piece is created by our Javanese carvers & turners, carrying the story of our artisans into your home.
