PENTHOUSE DESIGN PROJECT

BOCA DO LOBO DESIGN STUDIO TEAMED UP WITH THE PRIVATE CLIENT TO COLLABORATE IN THIS UNIQUE INTERIOR DESIGN PROJECT.

A 1450 SQUARE FEET CONTEMPORARY PENTHOUSE THAT REFLECTS THE OWNER'S LOVE FOR COLLECTIBLE DESIGN AND THE CLIENT'S NEEDS TO HAVE A FUNCTIONAL WORK SPACE.

AN ARTFUL EXPERIENCE IN THE MIDDLE OF NEW YORK CITY

**MAKING A KILLER FIRST IMPRESSION IS
KEY WHEN CREATING THE ATMOSPHERE
FOR A LUXURY HOME SETTING.**

ENTRANCE

Any New York Penthouse is expected to have a statement making entryway, to welcome guests in the most luxurious fashion. To achieve such an amusing ambience choosing the right design pieces, patterns and style is key. The big Lapiaz Round Mirror introduces the feeling of an art-filled space, sparking the curiosity of what will come next. The Angra Sideboard is fully covered in black high gloss, and it gently lies in an unexpected curved golden base conceived from hammered polished brass, inspired by the cliffs of the historical city of Angra do Heroismo in Azores Island, Portugal. Paired with the glamorous Soleil Gold Sconces this room is the first look to see when entering a dream, luxury modern penthouse.

LIVING ROOM

A luxury modern penthouse demands an even more luxurious and over the top welcoming space. This

opulent environment is surrounded by a monumental marble wall that pairs the gold accents with the beautiful finishes of the design pieces. The Soleil seating set and the imperfection armchair have two completely different styles however complementing in an harmonious elegant way. The metamorphosis center table coupled with the Stonehenge side table bring a nature feel into this artful room, with outraging details that break the mold of contemporary design. Collectible design is essential when thinking and visualizing an exclusive home. The gallery worthy décor is not limited to the Kaws pieces that decorate the gathering area, the imposing Hera Round II Suspension Lamp lights the mood of all of the open space including the chic dining area. The living room design is completed by the amazing White Garden rug provided by our partner Rug's Society.

LOUNGE AREA

Setting the mood can be a tricky task, but music is almost always the answer. In such a refined interior design project, no detail is left to chance, so a collectible edition grand piano is a must. In order to enjoy a smooth and gathering atmosphere, the imperfection armchairs provide a soothing and relaxing corner.

DINING ROOM

Neutral tones are used to combine multiple design concepts into one cohesive ambience. Seemingly a simple style, this dining room is filled with unique furniture pieces which are far from ordinary. Starting with the complex finishes of the Soleil dining chairs, that feature handmade gold lions of its back, and the elegance of

the bespoke Empire Round Dining Table, both these pieces enhance the majesty that is the Oblong Cabinet, creating the perfect mix between delicate and imposing inspirations.

OFFICE

The office space should be a balance between creativity and practicality, and there is no reason to compromise on either. Taking center stage in this office setting, the custom Boulevard Desk is the example of this duality. The bookcase which covers the back wall of the area defines the professional side, while the pattern in the modern rug combined with sumptuous Venice Wall Mirror and Lapiaz Sideboard appeal to the artistic vein of the work environment. The grandiose Alder Rug by Rug's Society completes this luxury office.
