< Subject > Items that Shine Brightly in Your Daily Lives Maison&Objet

Dear Sir or Madam,

My name is Ema Okamoto of Okamoto Orimono Co., Ltd., which weaves silk fabrics with the image of 'paradise' in Nishijin, Kyoto. We will exhibit at Maison&Objet for the first time.

I'm writing to you because we would like you to know about our company.

We are a company that has been weaving the gold brocade fabric, Nishijin Kinran, for over 100 years in Nishijin, Kyoto. We propose using Kinran which has a lot of gold color, naturally in your daily life. As we would like our people all over the world to know the wonderfulness of Kinran and use them, in these years, we have been challenging to create and promote our products under the title of Items that Shine Brightly in Your Daily Lives.

We have been collaborating with many brands as one of our new challenges. As a result, we have been able to discover the potential of Nishijinori even more. We hope that even more people get to know about our Items that Shine Brightly in Your Daily Lives.

Would you please take a look at our silk fabrics once? I would appreciate it if you could contact me once.

Our Traditional Craft Nishijinori offers silk fabrics with a design that is a bit different from other companies.

Thank you for your time reading my letter.
We wish you continued success and health.

Yours faithfully,
Ema Okamoto
