PRESS RELEASE DECEMBER 2021

FLOWER GARDEN

We are proud to present our new collection “The Flower Garden” created by Koustrup & Co. in collaboration with designer and artist Jim Lyngvild.

Step into a wonderful world of beautiful flowers and set the scene for exquisite dinners and meaningful moments. For feasts and for everyday life.

WITH FOCUS ON THE ENVIRONMENT.

The entire collection is made in Europe and as always, we are using sustainable materials as natural linen, organic cotton, recycled paper, Nordic beech veneer, and silk.
