about us

# DÔME DECO

---

Throughout the years, our team has passionately studied all details of the design and production for interior products. This experience allows us to deliver a complete concept with a strong identity.

Your interior label for hospitality and retail projects.

Interior label Dôme Deco is specialised in the design, production and distribution of complete interior collections for the B2B market. Clients are interior architects working on hotels, restaurants, workspaces and residential projects. For projects on a larger scale, Dôme Deco offers a full 'made to measure' approach. Additionally, the label is distributed by retailers worldwide. Our Dôme Deco concept stores being at the centre of it all.

At Dôme Deco, we aim to inspire people throughout their personal journey of life. Creating memorable experiences through interior concepts worldwide.

behind the collection

## THE PROCESS

---

Long before the launch of a collection, our team of creatives start their thought process by creating a concept being the fundament of the season. These influences are translated into products, later to be combined in various settings.

## behind the **COLLECTION**

---

Each year, Dôme Deco launches two main collections. Starting from a certain concept, our team of experts begin their process of brainstorming. Discussing every aspect from shapes and design to fabrics and materials. The focus of our product developers and designers being innovation, uniqueness and premium quality. Creating refined luxury whilst always expanding our horizons. All to achieve an impeccable new collection, true to Dôme Deco's aesthetics and personality.

As a producer and designer of full interior collections and concepts, the complete image we present is our main priority. Before our new products are set up in our showroom, we rebuild it to match the collection's concept. Everything from walls to flooring, all to give you the perfect perception of our new collection and the passion and creativity that went into it. All of our new products and settings coming into their own perfectly, ready for you to discover.

our work

# TARGET GROUPS

---

Our clients are interior architects working on hotels, restaurants, workspaces and residential projects. For projects on a larger scale, Dôme Deco offers a full 'made to measure' approach. Additionally, the label is distributed by retailers worldwide.

## INTERIOR ARCHITECTS

Whether you are working on residential projects, workspaces, hospitality interiors or others; we aim to offer you an all-in-one solution via our extended interior collections. We can accelerate and facilitate the process that takes place behind an architectural project by offering you the freedom to create your own look and feel with our wide range of fabrics and materials.

## MADE TO MEASURE

Especially for volume projects, we can go one step further and offer made-to-measure solutions. We can cater to your specific needs either by altering existing items or developing completely new products. Additionally, Dôme Deco offers support and guidance across the board.

## RETAIL

Our main purpose in the retail industry is to create a profitable partnership with retailers and multi-brand stores from all around the world. What we offer are balanced interior collections with a clear identity to attract your customers. Our digital tools like our webshop and 3D files offer you the chance to automatically transform into a real interior designer or advisor.

Are you a true Dôme Deco ambassador? Why not start your own Dôme Deco concept store? The Dôme Deco concept stores offer the end-consumer the full, current collection. Our experts are at hand to advise in terms of styling, marketing and sales.

Will you expand our worldwide network?

## LUGANO sofa

---

Dutch award-winning designer René Holten is known for his highly qualitative products with an elegant, timeless and innovative character.  
The exact match with our identity.

The absence of back cushions and the large armrests are the main characteristics of the sleek and contemporary look of the Lugano Sofa. Its refined details and sophisticated appearance create the perfect fit for any living space, hotel lobby or general lounge area.

# CERRO centerpieces

---

Our Cerro centerpieces evolved out of an in-house design by Dôme Deco's art director Laura Peters.

Inspired by the geometric shapes of Cubism. Translated from 2D art to a 3D object by bringing the right balance with colour and use of materials. A striking, imposing shape in a timeless material and refined colour.

## KATLA hurricanes

---

The Katla hurricane, referring to Iceland's largest volcano, is characterised by its architectonic construction and minimalist appearance. A raw and natural source of light-shielded by a metal casing. Representing the crater and floating lava in conjunction with the crevasse.

A visual spectacle offering you a variable structural look from different perspectives. Available in three sizes. Made of either a raw metal with brown satin glass or a brown powder-coated metal with grey satin glass.

Designed by Dôme Deco's in-house designer Gilles Knaepen.

## HELIKON vase

---

Emma Slangen is an industrial designer and digital artist based in Belgium. Her extensive international experience left her with great understanding of the European design world, a clear vision for aesthetics and an appetite to keep exploring new creative grounds.

The signature Helikon vases are an abstract trio. An intriguing combination of varying wood species and sizes. The small hole provided on top of the vases offers you the ability to add your own touch by adding a plant stem or dried flower. Extending the minimalism from the shape to the object presented in it.

# JAVA shelf

---

Based on Paul Apers' extensive and in depth knowledge of the furniture industry, we set out to develop a modular shelving system that serves a multitude of applications.

Be it a single unit in a private study, a combination in a dining room setting, or an even more elaborate presentation for in a hotel lobby, the Java shelf will cater to your specific needs.

Because of its modular character, it also comes in small packages, making it very easy to transport and handle.
