# HANDMADE FOR YOU

---

Handed By is the leading brand in handmade woven baskets, bags and home accessories and we are driven by the notion of creating a better world. Interested in how we do that?

INSPIRED for you, HANDMADE for you, RECYCLED for you and DESIGNED for you.

All our products are handmade by farmers in Vietnam and China. The social impact we create is to support more than 300 families and help them improve their lives.

No mass production in big factories, but small, scale projects with long-term personal partnerships. We work intensively with honest and personal partners that often have small, scaled businesses, and believe in our vision; to conquer the world with traditionally produced baskets, bags and other items, made from recycled materials as much as possible. Everything we design is manufactured in an ethical and responsible way, in which 100% free of child labour is guaranteed.

Until the end of 2019 we had the opportunity to visit our weavers in the Far East frequently. We met them to teach them to make new products, to help them to improve the quality of the products and to listen to them when it concerned their daily lives. Despite the travel restrictions the world is currently facing, we are still in contact with our craftsmen daily. By having contact with our people on site, we feel a great social responsibility towards our weavers and their families. We express the fact that we are very proud of their weaving skills of superior quality. In return, the weavers are proud to work for the Handed By brand. Working for Handed By is for our craftsmen like 'HAPPINESS IN OUR HANDS'!

# INSPIRED FOR YOU

The world is changing, and we are all looking for balance, safety and security. Our house is that cosy place where we will spend more and more time and where we will feel safe and peaceful. Our interior is more than ever a reflection of our personality. This new way of living is the basis of inspiration for summer 2022. It inspired us to combine the warm tones, soft pastels and calm colour combinations in the Handed By basket and interior collections. Perfect items to breathe new life into home and mind.

For this summer season, we see the trend to continue the colours from last fall. The latest summer colours are now slightly lighter and softer. Handed By has managed to select a trendy colour palette so that the Handed By bag collections always best match the fashion season.

The combination of a unique handmade product in the right colour fits perfectly within the Handed By collections 2022.

Be inspired, view and shop the new collections at Handed By!

# DESIGNED FOR YOU

---

Handed By design is recognizable by the unique brand stamp in the form of a handprint.

You will find a button with our handprint on every Handed By product, showing that you have a unique, high-quality and trendy product in your hands. It all starts with a unique design, developed in our design studio in the Netherlands with recycled materials as the basis for each product.

Our collections are developed in our design studio. We are constantly looking for trends in lifestyle, home and the environment and talk to our customers about their needs. Our designers consider all ideas. In this way we arrive at designs that we critically evaluate in brainstorming sessions. Only the best ideas are developed into sketches and prototypes. The designs are recreated during production and subjected to various tests. Then production starts and the product is introduced.

# RECYCLED FOR YOU

---

Join us on our journey and help us reduce plastic waste!

Handed By has an impact on the environment by giving plastic waste a second chance. By using recycled plastic, we slow down the process of depleting the earth's natural resources.

Recycling is the process of converting waste materials into new materials and objects. Waste that would otherwise be thrown away and end up in the environment with all the consequences that entails.

Handed By recycles industrial waste into strap material for our handmade bags and baskets. The plastic waste is used as basic granulate, the basic material for every product. All Handed By collections are made from recycled plastic.

The durable Handed By bags and baskets will last a lifetime. They are made of plastics that can be recycled again at the end of the user circle.

Join us on our journey and help us reduce plastic waste, so recycle by you! We can all contribute to this process by using recycled plastics in our daily lives. Help the environment and be creative yourself by finding new ways to reduce the use of plastic in general.
