

Porto, February 2022  
For immediate release

Casa Magna Collection combines a heritage of producing the finest furniture with a sophisticated design and stands as a reliable and competitive partner for luxury interior projects.

With the over-expectations feedback we got at the previous M&O editions and expecting a greater interest in the upcoming tradeshow Maison et Objet Paris, we are preparing some stunning novelties to show.

Inspired by the 7th art legends, our design team worked for several months to develop a great collection, to complete the most demanding interior projects.

For this Maison et Objet edition, the theme is "Legends", an ode to the movie stars, by bringing to our furniture the same eye-catching effect and making them part of the story of our home.

Let's look at the trailer!

# CASA MAGNA

PORTO

GARBO Dining Table

CASA MAGNA presents a collection inspired by the 7th art legends. Designed to last a lifetime and be recognized for the upcoming generations.

As a timeless legend, this collection aims to inspire the most demanding design tastes, by the use of the most refined raw materials.

The combination of the natural wood veneers with the tones of nature was thought to provide a superior comfort feeling, involving you in a moment of reflection and relaxation, as did the great cinema references.
