SPRING-SUMMER '22 PEACH HOME TEXTILE COLLECTION: OH SWEET HARMONY

Being mindful, savoring the moment, and appreciating little details in life are the keystones to happiness. And yet, searching for the inner piece and turning your home into a harmonious space is a challenging task.

Our new color is inspired by our search for harmony. It stands out, it has a positive character and it evokes pure joy! And yet it is toned-down and well-balanced and has an immediate calming effect. It gets us inspired in the morning and helps us notice all the beautiful things throughout the day.

Our new collection of Peach-colored home textiles will add both comfort and a delicate pop of color to any interior. Enjoy it while sleeping in your new favorite sheets, setting the table for your loved ones, or taking the time to pamper yourself. It can be matched with the majority of the other neutral tones for a more diverse look.

Available from 24th February, 2022 at www.magiclinen.com, this new collection includes a variety of bedding, bath, kitchen, and living room items and accessories.

MagicLinen

ABOUT MAGICLINEN

MagicLinen believes that home linen should be both functional and beautiful. With a rich color palette and unique design details, MagicLinen invites you to celebrate effortless style, surround yourself with beauty, and fall in love with linen.

Each MagicLinen product, from bedding to bath and apparel, is carefully designed and handcrafted in Vilnius, Lithuania. MagicLinen believes that small details matter. Consumers will find added magical touches to products in the form of pom-poms, coconut buttons, and more. MagicLinen prides themselves on flexible customization and always delivers in bringing the consumer's vision to life.

Besides handcrafting every individual product to achieve the highest quality, MagicLinen also aims to do so sustainably. All of the products are from Oeko-Tex certified fabric meaning they are absolutely absent from harmful substances and chemicals and also come in biodegradable packaging. In addition, to avoid overstocking and fabric waste MagicLinen created a zero-waste product line and a made-to-order concept. However, most importantly linen itself is a sustainable material that is fully biodegradable or can be easily recycled.
