ART PRINTS MADE WITH CARE

We are happy to introduce to you our newest addition to our Eco Friendly Kitchen Collection.

Choose from biodegradable sponges, wood based natural serving trays/cutting boards and 100 % heavy linen, or a mix of 50 % cotton 50 % linen tea towels printed with vegetable dye.

All designs are my unique drawings reflecting my Scandinavian heritage with strong attention to detail and quality.

You can choose from stylish line drawings of Wine & Drinks, Coffee Cups and Floral designs.

The designs and high quality products make for perfect for use in the kitchen, whether home or industrial. Imagine using the wine designs for serving wine, coffee designs for serving coffee and floral designs for showing you mood. Best of all you get a sense of doing something good for the world, when your selections are environmentally friendly. The wood used for the trays and the cutting boards is FSC®-certified from Scandinavian forrests. All our kitchen products products are eco friendly, and locally produced.

If you have any questions - We are always happy to assist you.
