### SIPPY CUP

Learning to drink made easy! The stylish learn-to-drink cup from LÄSSIG encourages independent drinking. While the two side handles provide a firm, secure grip, the ring on the underside prevents the cup from sliding around on the table. The narrow drinking opening in the lid makes it easier to dispense the liquid – as a result the little ones are less likely to swallow.

The practical Sippy Cup is available in two trendy LITTLE FOREST designs.
